GRADUATES RECEIVE DIPLOMAS AT STANFORD COMMENCEMENT.

STANFORD UNIVERSITY, May 23.—Commencement exercises were held today in the assembly hall of Stanford University, nearly 150 graduates receiving their diplomas. Prof. W. E. Howard presided and introduced President Slocum of Colorado College, who delivered the commencement address. "The name of Rockefeller will not suggest Standard Oil, or the association of monopolies. The Rockefeller Institute for Medical Research presents one of the wisest and most far-reaching uses to which any man's money can ever be put." Dr. Jordan touched on the political situation of the country. "We stand at a turning point in our political history. Factionalism and sectionalism have been swallowed up in the larger concerns of a larger national life. The government by parties, so long supposed to be a vital element in free government, is passing away. In future we shall be governed by the demands of the nation."

RICH GRAVEL REACHED.

Oroville Mining Company After Drilling for Years Strikes "Mammoth Channel." (BY DIRECT WIRE TO THE TIMES.) OROVILLE, May 23.—(Exclusive Dispatch.) After two years of drilling, the Mammoth Channel Gold Mining Company has cut through 660 feet of lava cap and encountered gravel in the main channel, known to miners as the "mammoth channel." The gravel is of the size of small stones and is of great value. Since early mining days the existence of the "mammoth channel" has been talked of by miners, and they have dreamed of the untold wealth which it possesses. The strike was made last week, and it is thought the channel has been struck at about its center. The gravel is ten feet in depth, and every ton which has been taken out shows good values.

CANDIDATES ARE SCARCE.

NO RUSH FOR PLACES ON DEMOCRATIC STATE TICKET. Two Men Seek One Office, That of State Printer—No Candidate for Surveyor-General Yet—Stockton Selected for Place of State Convention to Adopt Platform. (ASSOCIATED PRESS NIGHT REPORT.) SAN FRANCISCO, May 23.—With the exception of State Printer, there will be no contests for the Democratic nominations at the August primary. This was the announcement made today at a meeting of the Democratic State Central Committee, which has perfected arrangements to circulate the verification petitions of the Democratic who expect to appear on the primary ballot. James Gilman and John Vaughan of San Francisco have announced their intentions of running for the State printer nomination, but neither candidate has yet requested the committee to take charge of his petition, and before this is done an effort will be made by the conference to persuade one of the candidates to withdraw.

PRISONER SLIPS HANDCUFFS.

Escapes from Three Federal Officers While Boarding Train at Reno. (BY DIRECT WIRE TO THE TIMES.) RENO (Nev.), May 23.—(Exclusive Dispatch.) While being taken aboard the Virginia and Truckee train here this morning, William King, a desperate prisoner, bound over to the Federal grand jury by the United States Commissioner at Reno, slipped his handcuffs from his wrists and made his escape. He was chained to fifteen other prisoners and his escape was not noticed until all the other prisoners had taken their seats in the car. An alarm was given, but the fellow was not captured.

CLUBS REVOLT AT NEW YORK.

New Aviation Organization Formed at Meeting.

Aero Club of America Is Defied by Majority.

Wright's Monopoly Causes Independent Action.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, May 23.—[Exclusive Dispatch.] The meeting was called by the Aero Club of America, but later was organized as an independent club. It was announced late tonight that it is a revolt because of the Aero Club's monopoly agreement with the Wrights.

NEW YORK, May 23.—[Exclusive Dispatch.] After a conference lasting nearly five hours today, thirteen representatives of affiliated clubs of the Aero Club of America brought into existence another organization for the control of aeronautics in this country.

The new body was named the American Aeronautic Association. According to Victor Loughhead of Chicago, who was the leading spirit in giving birth to the new body, and who was made its secretary, the American Aeronautic Association will take over from the Aero Club of America the entire administration of all national and local aviation meetings in the United States, but will leave to the Aero Club the management of international meets to be held here.

"The new position in aeronautics," said Mr. Loughhead, "will be exactly the same as exists in the automobile world."

"I thought it right to make our beginning inside the Aero Club rather than outside it, and we have succeeded. We shall have the support of what is the most powerful body. In any case we were determined to win freedom for the holding of local and national meetings without the license of the Aero Club, since the agreement with the Wright Company had made it impossible to accept the club's license."

The conference was held in the rooms of the Aero Club of America, No. 29 West Thirty-ninth street. Those present were A. B. Lambert, representing St. Louis and Indianapolis; Jerome H. Joyce and A. Albert Hughes, Baltimore; A. W. Carpenter, J. V. Martin, E. C. Brown and R. M. Allen, Harvard University; W. Strang and G. M. Myers, Kansas City; J. S. Fancull, Washington; J. W. Scatterfield, Buffalo; James E. Fies and Victor Loughhead, Illinois.

The Aero Club of America was represented by S. H. Valentine, acting president, and P. T. Dodge, Augustus Post and Allen Hawley were also in attendance.

ARMOUR INTERESTED.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, May 23.—[Exclusive Dispatch.] It became known here today that just before sailing for Europe, J. Ogden Armour, the millionaire packer and grain speculator, gave \$25,000 to the Armour Institute of Technology for the promotion of a class in aviation. It is said that Armour believes in the future of the airship and that the present efforts of inventors and promoters of aviation will eventually see an airship of a practical design.

For the last five months the Armour Institute of Technology has conducted a class in aviation. Several airships have been constructed and it is said that several types have been evolved. The class numbering twenty young men and several professors, for more than a year has been making a deep study of aviation. Armour is said by his friends here to have followed closely the work of this class and that the \$25,000 that he has just given to the institute will go toward extended research and the construction of airships. Dr. Gunzalewsky admitted to your correspondent tonight that his institute has a class in aeronautics, that several experiments have been made, and several machines constructed. He declared, however, that the work for the time being at least will be kept secret. Dr. Gunzalewsky believes that the construction of airships in the future will be a big industry and that a school of technology should not be behind in turning out finished products.

NEW YORK PRIZE.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, May 23.—[Exclusive Dispatch.] James E. Fies of Chicago, who was in New York today, spoke enthusiastically of the prize of \$10,000 for a flight to New York from Albany. Fies was western agent for the Curtiss machine and was the second man in the country to fly one.

He is now building aeroplanes designed by Prof. J. J. Montgomery of Santa Clara College, Santa Clara, Cal., and has his men working day and night to get a machine ready to compete with Charles K. Hamilton in the great flight from Albany to New York the week beginning June 6. Cromwell C. Dixon, the "boy-flyer" of Columbia, O., who is now giving exhibitions with his airship at Montreal, Can., also wants to start.

THREE CITIES SCHEDULED.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, May 23.—At least three western cities are assured of important aviation meetings this fall, according to H. B. Lambert, president of the Aero Club of St. Louis, who is in New York for this week's conference of clubs affiliated with the Aero Club of America.

The three cities he mentions are St. Louis, Indianapolis and Kansas City. In each of these he says the preparations for holding the tournaments have been begun with such strong local support as to insure successful meetings.

OFFER GOLD TROPHY.

(ASSOCIATED PRESS NIGHT REPORT.)

HEMPSTEAD (N. Y.), May 23.—

Wealthy residents of Huntington Bay, L. I., have raised a fund for a gold trophy, which is to be offered to the first amateur aviator flying from Mineola across Long Island to the shores of Connecticut.

The distance is thirty miles—fourteen miles across country to the sound shore, and fifteen miles across the water of the sound. This makes the actual flight across the sound between Long Island and the mainland comparable to the flight over the English Channel.

Under the rules being devised, the aviator will have the privilege of making one descent at Huntington Bay. He will be allowed twelve hours to complete the flight.

Clifford B. Harmon, the New York aviator, and Henry S. Harkness, a wealthy Californian and a pupil of Latham, are mentioned as candidates for the cup.

Novices Fly Aeroplanes.

MONTGOMERY (ALA.), May 23.—W.

R. Brookings, accompanied by Archey Hoxsey, both student aviators of the Wrights, today remained aloft in a Wright machine thirty minutes.

Motorboats on Way to Havana, racing from Philadelphia nearly twelve hundred miles in contest promoted by Thomas Fleming Day, shown above.

ONE MOTORBOAT CONTENDER COMPELLED TO TURN BACK.

(BY DIRECT WIRE TO THE TIMES.)

PHILADELPHIA, May 23.—[Exclusive Dispatch.] After breaking down four times on her way to sea, the power yacht Lantaka, which was compelled to withdraw from the Philadelphia to Havana motorboat race, arrived here this afternoon.

According to the owner, H. S. Peters of Dover, N. J., the Lantaka had trouble with the engine, and although temporary repairs were made there was recurrence of the breakdown and it was decided to abandon the race. The boat will be taken back to Trenton, N. J., where she was docked for an overhauling.

The withdrawal of the Lantaka leaves four boats in the race. A tug arriving at the breakwater today reported that when the little racers passed to sea Saturday night the Berneyo was leading, with the Caliph second and the Lys and the Carolina close astern.

The boats rounded Cape Hatteras during last night, but no report regarding the race has been received here. The weather reports indicate that conditions of wind and sea today are favorable to the racers.

MOTOR BOAT TRIP.

(ASSOCIATED PRESS NIGHT REPORT.)

CHICAGO TO NEW YORK.

NEW YORK, May 23.—The thirty-

THE RACES.

FORM IS SHOWN BY JOHN LOUIS.

WINS THE FIFTH RACE EASILY AT EMERYVILLE.

His Owner, James Neil, Bids Him Up and Retains Him—Spring Ban's Price Also Run Up, But Thoroughbred Is Retained After Winning the Fourth Race—Results.

(ASSOCIATED PRESS NIGHT REPORT.)

OAKLAND, May 23.—John Louis won the fifth race easily at Emeryville today. He was bid up from \$400 to \$700 by James Neil and retained.

Five and one-half furlongs, purse: New Capital, 104 (Cotton) won; Doves, 110 (Callaghan) second; Cuyana, 105 (Selden) third; time, 1:07 4-5. Babe Neely, Circo, Lorenzo, Lofly Heywood, Tilton, Quenful, Intellect and Monte Verdi also ran.

Future course, selling: Minnedocia, 48 (Jahnsen) won; Service, 112 (Callaghan) second; Bede, 98 (Selden) third; time, 1:09 2-5. Salvage, Roy Junior, Emma G., Burning Bush, Arthur Hyman and Mina also ran.

Future course, selling: Netting, 105 (Coburn) won; Combury, 104 (Callaghan) second; La Petite, 98 (Jahnsen) third; time, 1:10 2-5. Galvan, Father Downey, Creston Boy, Ampedo and Mossback, Little Buttercup, Descendant and Col. Brady and Alder (Quich) also ran.

Five and a quarter, selling: Spring Ban, 86 (Buxton) won; Colbert, 92 (Selden) second; Coppers, 109 (Cavanaugh) third; time, 2:01 1-5. Special Delivery, Mike Jordan, Trocha, McNally, J. C. Clem and J. R. Laughrey also ran.

Five furlongs, Lord of the Forest, 116 (Callaghan) won; Gramercy, 88 (Cotton) second; Marburg, 112 (Taylor) third; time, 1:12 4-5. Zinkand and La Dextra also ran.

ENTRIES TOMORROW.

Four furlongs, selling: Abe Stupker, 105; Amargosa, Robert Hurst, 112; Hand Satchel, Kinfolke, Alta Ray, 109; Abella, Mime, Joe Wells, 105; Blue Moon, 101; Pontello, Sir Bon, 95.

Future course, selling: St. Francis, 118; Tremor, Hambley Boy, Denen, Tom Adams, 115; Lachata, San Lucas, Dostala, Tifis, 113; x-Tinell, 110; x-Salnet, 106.

Five furlongs, selling: x-Edwin T. Fryer, Round aCround, 106; Bishop W., 105; Resuman, 105; Mike, 105; x-Albert, 105.

Five furlongs, purse: Coopertown, 115; Daddy Gip, 109; Calopus, 102; Lady Elizabeth, 100; Pride of Lismore, 97.

Five furlongs, selling: Sir Angus, Hancock, Charles Green, 113; Emma G., Blakra, Duchess of Montebello, 111; Dr. Downie, Nasmerito, 109; Gretchen G., 107; Electrowan, 95; x-Gale Gale, 88.

Thirteen-stakes mile, selling: Darlington, Grafton, 108; Cadichon, Cobleskill, 105; Meltondale, 104; Airs, Novgorod, Adene, Buckthorne, 103; Reson, 85.

WRIGHT SETS SAIL. Goes to England on Mysterious Visit and Tennis Toggles Are Set a-Wagging.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, May 23.—The recent sudden departure of Beals C. Wright for England has focused the attention of American tennis players on a situation of much uncertainty and no little delicacy.

Rumors have been persistent that Wright, who will lead any American team that may compete for the Dwight F. Davis international cup, now held in Australia, hopes to bring back the preliminary match with Great Britain to this country.

Officers of the United States Lawn Tennis Association denied this today, and insisted that Wright had sailed on his own initiative and the association knew nothing of his plans.

An officer of the association who also belongs to the International Tennis Committee, was very pessimistic today on the whole outlook. The Englishman, he said, had positively refused to come to this country.

On the other hand, it would be difficult to pick an American team to visit England. It would be easy to get a first-class team to go to London, but if the team should win, it must then continue to Australia, and few players feel they can spare the time for the latter journey.

BIG GAME REPORT.

Great Progress Made in Legislation to Preserve and Regulate Hunting and Fishing.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, May 23.—Both the volume and importance of game legislation enacted during the year past in the United States, and the general widening in the interest of game, not only in experiments of propagation, but also in the establishment of game refuges and private preserves, was notable.

This is the statement in a report on game protection by T. S. Palmer, Henry Odys and C. E. Brewster of the Bureau of Biological Survey. They call attention to the establishment of State game refuges, to the progress of the protection of non-game birds, to the strengthening in a number of States of the warden's services, to a more vigorous enforcement in some States of the laws regulating the export and sale of game, and to a number of unusually large fines imposed and collected.

Returns from the States east of the Mississippi show a total of about \$7,000,000 in 1908, as compared with nearly \$6,000,000 in the preceding year.

FLIES OVER BERLIN.

CROWDS CHEER AVIATOR.

(ASSOCIATED PRESS NIGHT REPORT.)

BERLIN, May 23.—Herr Frey, a German aviator, made a splendid flight in a Farman biplane this evening over the city of Berlin from Johannisthal. The covered distance was twenty miles and return to the starting point without an accident.

Thousands of persons applauded the aviator as he flew 1500 feet above the houses and around the royal palace. Herr Frey was the first German to undertake the performance.

GREAT WESTERN HANDICAP. DER MOINER (la) May 23.—Nearly 300 crack amateur and professional shots from all over the country arrived here today for the fifth annual Great Western handicap, which will open tomorrow and continue until Thursday night. John Philip Sousa, the bandmaster, is among the entrants.

RIFLES TEAM WINNER.

Seattle Marksmen Nearly Twenty Points Behind Los Angeles Sharpshooters in Telegraph Match.

(BY DIRECT WIRE TO THE TIMES.) SEATTLE, May 23.—[Exclusive Dispatch.] The Seattle Rifle Club in a telegraphic match yesterday with the Southern California Rifle team of Los Angeles, made the following scores at Orillia range:

SMART SHOES FOR
432 Broadway

those to the Jeffries training camp. Jim Corbett preceded him. After the strenuous Sunday experience in the gymnasium Jeffries took life easy today. Early in the day the trout fishing lure became so strong that the big fighter yielded and gave the day to the beautiful San Lorenzo River. The only training was a spin out on the road late in the morning but shortly after Jeffries arose for the day.

Those who have been in the training camp for Jeffries for a long time have about given it up as a bad job. It is now well understood by Jeffries and his followers here that Ted Rickard intends to outfight, and they are no longer sanguine that the blacksmith will fix up his differences with Johnson and officials as the third man in the ring.

Nat Goodwin, actor and sportsman, will arrive tomorrow and remain for a week as one of the entertainers of the former champion.

FERGUSON TO MOVE.
TO ACCOMMODATE THE BUGS.
Sandy Ferguson and Jack Burns are getting ready for their ten-round contest at McCarey's pavilion, scheduled for next Tuesday night. Ferguson went through his stunts at Arcadia yesterday, boxing four rounds with Arthur Conley, two with Charlie Johnson. After he had finished his work he decided that he would take the advice of the club and get quarters nearer the city so the bugs could witness his workouts, and he made arrangements to finish his training at Jack Doyle's camp at Vernon.

Jack Burns located at Venice and will begin his road work this morning and commence his boxing exercises at the Arcadia in the afternoon.

Owen Moran, preparing for his contest with Frankie Conley yesterday, hit the highway in the morning, and in the afternoon at Venice he boxed three rounds with Al Baldwin, three with Jeff Perry and three with Charlie Boeson. Conley did similar work at Jack Doyle's. This bout between Conley and Jeff Perry is scheduled for McCarey's pavilion for the night of June 1.

Three bouts were added to the card for McCarey's pavilion for next Tuesday evening when Ferguson and Burns took up. Hobo Dougherty and Herb will meet for six rounds. Kid Rees and Paul Sikora will travel over the same course, and Berry Hatton and Harry Dunn will settle their four-round draw by engaging in a six-round contest for the other event. There will be one more bout added today.

Jim Barry arrived in town yesterday and asked Manager McCarey to put him on with any of the heavyweights available. Barry seemed to be in the best of health and declared that he would put up his star battle if he were matched.

Phil Brock also got in and wants to bet \$1000 on a twenty-five round battle with Lew Powell.

Billy Papke and Ed Papke have gone to the heart of the matter until they are ready for a contest again. If Flynn is willing, Billy and the dream man may be brought together for a twenty-five round contest in June at Vernon.

Doc Gene Jeffery, the manager of Jack Burns, brought Willie Ritchie to Los Angeles. Willie is a high-class lightweight in the four-round division, and has an enviable record in the short contests at San Francisco.

JOHNSON TO LAND FIRST.
SAN FRANCISCO, May 23.—[Exclusive Dispatch.] Johnson today declared that he has quit "running away," and that he will pile into Jeffries from the start. "Not so that he will hit me coming in," he explains, "but so that I will beat him by the punches and land myself. It's a cinch that this contest is not going the limit and the quicker I get to Jeffries the better I shall like it. One of us is sure of going down before the forty-fifth round is reached."

ONLY WEEK-END GAMES.
California State League to Cut Down Its Schedule to Lower Expenses.

[ASSOCIATED PRESS REPORT.]
FRESNO, May 23.—President Frank Herman of the California Baseball League, who is in this city, stated today that within a week or ten days an announcement will be made officially that instead of five contests a week on the league circuit only Saturday and Sunday games will be played.

Herman says that this decision was practically arrived at during the meeting of the directors of the various clubs held in San Francisco Friday evening last.

The change, thinks President Herman, will place all the clubs of the league on a paying basis. No transfers of franchises or dropping of clubs will occur within the near future.

AMERICAN LEAGUE.
TIGERS NAB ATHLETICS.
[ASSOCIATED PRESS REPORT.]
PHILADELPHIA, May 23.—Detroit won today, 4 to 3. The locals made a ninth-inning rally which was ended when Bender was thrown out trying to steal third as Hunter fanned. The feature of the game was Moriarty's clever steal home in the second inning.

Detroit, 4; hits, 7; errors, 2.
Philadelphia, 3; hits, 8; errors, 2.
Batteries—Donovan and Stange; Bender and Lepp.

FIFTEEN INNINGS.
[ASSOCIATED PRESS REPORT.]
BOSTON, May 23.—Chicago defeated

IT "WORKS" BOTH WAYS.

CHURCH FEDERATION COUNCIL DEMANDS OFFICIAL ACTION.

Resolutions were passed yesterday by the Council of the Church Federation of Los Angeles, which demand that the city of San Francisco should take action to prevent the further degradation of our national birthday, and in an offensive manner call attention to the failure of representative government in California to enforce its own laws when their proposed breach was widely advertised throughout the nation.

Resolved, second, that in order to prevent this disgrace, the Governor of California, the Attorney General, the District Attorney of San Francisco, the Sheriff and the Chief of Police of the latter city, be and they are hereby required to use the powers of their respective offices to prevent this disgrace, and thereby prove that California is a law-abiding community; and that each of these officials regard seriously the oath of office that he took upon being inducted into office.

Resolved, further, that if satisfactory assurances are not given that said right will be prevented by these officials, it is recommended that legal steps be taken (in order to prevent this disgrace) to prevent the said fight by independent methods, and if all such that all who participate in such fight either as principals, promoters, spectators or otherwise, be prosecuted as criminals, and that written accusations be filed under section 771 of the Penal Code, to remove from office each official, subject to the provisions of said section who proved derelict in his duty in permitting a felony to be committed in this state without protest, which it was his sworn duty at least to attempt to prevent.

Resolved, further, that copies of these resolutions be furnished to the officials mentioned therein, to the Church Federation of San Francisco, the CHURCH FEDERATION OF LOS ANGELES.

Boston, 4 to 3, this afternoon after fifteen innings, when Walsh's single in the final inning sent Tannehill home with the winning run. Score: Chicago, 4; hits, 8; errors, 2. Boston, 3; hits, 10; errors, 1. Batteries—Walsh and Fayard; Block; Hall and Donahue, Carrigan.

STRIKE-OUT RECORD.
[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, May 23.—Walter Johnson struck out nine St. Louis batters and Washington won easily, 7 to 2. Graham was hit hard in the opening innings, but Kinsella was better in the last four. Score: Washington, 7; hits, 9; errors, 6. St. Louis, 2; hits, 7; errors, 3. Batteries—Johnson and Street; Graham, Kinsella and Stephens.

GAME IS POSTPONED.
[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, May 23.—Cleveland-New York game postponed; rain.

NATIONAL LEAGUE.
GIANTS DEFEAT PIRATES.
[ASSOCIATED PRESS NIGHT REPORT.]
PITTSBURGH, May 23.—New York hit all three Pittsburgh pitchers effectively today and easily won, 7 to 1. Wittie retired in the fourth, when hit on the arm by a pitched ball, and Mathewson succeeded him. Leach was put out of the game for disputing a decision. Score: New York, 7; hits, 10; errors, 2. Pittsburgh, 1; hits, 8; errors, 1. Batteries—Wittie, Mathewson and Myers; Phillippi, Camnitz, Webb and Gibson.

ST. LOUIS BEATS CINCINNATI.
[ASSOCIATED PRESS NIGHT REPORT.]
CINCINNATI, May 23.—Boston hit Gaspar hard in the ninth and tied the score, but Cincinnati bunched hits on Froek in his half and won, 6 to 5. Paerker stole second, third and home in the first inning. Score: St. Louis, 6; hits, 11; errors, 2. Cincinnati, 5; hits, 14; errors, 2. Batteries—Froek and Smith; Gaspar and McLean.

RALLY IN THE EIGHTH.
[ASSOCIATED PRESS NIGHT REPORT.]
ST. LOUIS, May 23.—St. Louis took the game from Brooklyn this afternoon, 5 to 0, through a batting rally in the eighth inning. Lush outpitched Barger and earned the victory cleanly. Score: St. Louis, 5; hits, 9; errors, 0. Brooklyn, 0; hits, 8; errors, 6. Batteries—Lush and Phelps; Barger and Erwin.

Wet Grounds at Chicago.
CHICAGO, May 23.—Philadelphia-Chicago game postponed; wet grounds.

PRINCETON WINNER.
CAMBRIDGE (Mass.), May 23.—Princeton defeated Harvard 7 to 1. Sterrett made a home run in the fifth inning, sending in two runs. Today's game gave Princeton the series, two games to none. Score: Princeton, 7; hits, 8; errors, 2. Harvard, 1; hits, 3; errors, 5. Batteries—S. V. White and Dawson; Hicks, Young and Brown.

At Bloomington, Ind.: Minnesota, 6; Indiana, 0.

Helpful Hints on Hair Health

Scalp and Hair Troubles Generally Caused by Carelessness

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a husband is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We absolutely believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal., Seattle, Wash., Portland, Or.

SILVERWOODS

The homes of Hart Schaffner & Marx clothes

WHETHER you go for recreation or for business; where clothes count for a good deal, or where you're too busy to think of clothes at all, you'd better be sure they're

Hart Schaffner & Marx

clothes; because then you'll be sure they're just right; in style, in all-wool fabrics, in fine tailoring.

\$20. and \$25

At these prices we show a wonderful line of Hart Schaffner & Marx suits. They represent the very highest standard ever attained in ready-to-wear clothing, a distinctive high-toned air that you don't get in any other make—the very finest materials—the highest class workmanship—exclusive styles that make these garments different from all others. You can pay more, of course. Our \$30, \$35 and \$40 suits are, beyond question, the finest goods ever produced, and we sell a lot of them.

Men's and young men's suits

\$15 and \$18

We also carry a special line of Men's and Young Men's Suits; full of snap, in all models, fine materials, high-class workmanship; specially designed to meet the requirements of "live wire" wearers, at \$15 and \$18.

We carry a complete line of men's women's and children's khaki suits

UNUSUAL SIGHT. VIEW COMET AND ECLIPSE.

Thousands Spend Evening on Mountain Tops.

"Old Hi Fog" Interferes With Gazers.

Tail of Heavenly Vagrant Is Brighter.

"Old Hi Fog" nearly put the comet-gazers and luna lovers out of business last night.

All of Southern California suffered the same inconvenience. Even Mt. Wilson and Mt. Lowe comet-gazers were prevented from enjoying a perfect view of the celestial vagrant, although the comet became stronger and stronger until its tail blazed half way across the sky, though partly obscured by the haze.

Shortly after 9 o'clock the eclipse of the moon began to be total. The moon took on a red-brown color, not unlike rich chocolate, with the entire surface showing.

The eclipse was over at 11:20 but the comet had set by 11 o'clock. Inside the observatory the long line of the waiting crowd pushed slowly in front of the telescope, each taking a quick look at the comet.

What they saw was a deep purple mass with a fiery center—this and nothing more—yet the sight of that blotch will remain long in the memory of those who climbed the platform on Mt. Lowe last night, and listened to Prof. Larkin give his little lecture on the path of the comet and express the theory of its tail.

The Pacific Electric officials stated that during the remainder of the time the comet is visible, the observatory will be open to the public and any who desire may take advantage of the view.

CROSSED WIRES CAUSE FIRE. ALBUQUERQUE (N. M.) May 23.—Hadley Hall, the science department of the University of New Mexico, was completely destroyed by fire early this morning. The loss is more than \$100,000. Crossed electric wires started the fire.

But comet and eclipse of the moon are both seen at Lick Observatory.

[ASSOCIATED PRESS NIGHT REPORT.] SAN JOSE, May 23.—Neither the comet or the eclipse of the moon was observable in San Jose tonight because of a high fog overcasting the sky.

Director Campbell of the Lick Observatory, however, stated that the sky is clear at Mt. Hamilton. He said the comet tail for 45 degrees of its length. The eclipse of the moon took place as scheduled, and a photograph of the comet was taken during the eclipse.

YALE PRESIDENT BANQUET GUEST. RAH, RAH, RAH!

DR. ARTHUR TWINING HADLEY MAKES ADDRESS.

Seventy Sons of Eli Make the Alexandria Hotel Dining-room Resound With Cheers When "Taft, Seventy-eight" Toast Is Proposed. Local Club Names New Officers.

Seventy lusty sons of Eli made the banquet-room of the Alexandria hotel last night with a "long cheer" for Taft, Yale '78, when a toast to "The President" was proposed by Dr. P. B. Kellogg, president of the Southern California Yale Club, which was assembled to do honor to Arthur Twining Hadley, the illustrious head of the big eastern university. The cheering which followed lasted for several minutes, and was only terminated when an alumnus with leather lungs started the old Yale "Boo" song.

The banquet at the Alexandria followed a busy day of sightseeing on the part of President Hadley, who was taken by members of the entertaining club for an auto trip, which included all the leading points of interest in the city.

Rev. Dr. Arthur S. Phelps was introduced as toastmaster, following a menu done in strictly Yale style, with Yale colors in evidence in every dish from ice to cake.

The toast to the present president of Yale, whom he declared to be a man whose "gentleness of spirit and lack of assumption were only equalled by his actual force of character and influence which he wielded."

"The eminent educator paid a high tribute to California as a State which, educationally, was in the lead of all States on the Pacific Coast. He recalled that Yale had played a great and important part in the organization of the University of California, and stated that the debt had been repaid in the number of forceful men already contributed by that university to the faculties of Yale and other universities beyond the Alleghenies.

He declared that "a university is not a school, but an atmosphere." To the intensely interested men about him many of whom had not stepped foot in the "old yard" at New Haven for as long as twenty years, Dr. Hadley painstakingly detailed the recent growth and development of Yale University.

Speaking of the common idea that "Change Food And Lose That Uneasy Feeling."

A man who has always been a "skinny chap," although hardly ever ill, tells of the way he put on flesh and reduced his irritability and nervous condition.

By chance he had a taste of Grape-Nuts food at the table of a friend and enjoyed the flavor so much that he began to have it every meal. He says:

"In a short time I found myself another person, the old feeling of discontent and uneasiness left me entirely, it became a pleasure to go about my work, whereas, before, for years, I always had the feeling of being a little weary, now I seem to have a surplus of energy for everything. My weight has increased 11 pounds in 4 weeks, and I am still gaining."

"I have never been very sick, and am satisfied that if my present improvement in health continues, I shall not be."

"The change that this food has made in my life has been remarkable and so satisfactory that I am glad of the opportunity to tell you."

Read the little book, "The Road to Wellville," in pkg. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

ALL During the afternoon the crowds packed the Mt. Lowe cars and at 4 o'clock, when the regular car was scheduled to leave Sixth and Main streets, the crowd packed the main floor of the Pacific Electric building. Additional cars were pressed into service. The Y.M.C.A. was given a special. Officials of the road and their personal friends were put upon another, while car after car, loaded to the guards, carried the remainder of the crowd.

Accommodations at Alpine were at a premium during the dinner hour, while dozens of parties carried basket lunches with them.

The sight of the comet more than repaid the visitors, in spite of the high fog and light suggestion of clouds that partially obscured the view.

Early in the evening the crowd banked before the doors of the observatory and members were given admission, a few at a time.

Once inside the shell of a building the line was formed around the sides and each visitor was given a few seconds' peep at the celestial tramp through the great glass.

The sun set at 7 o'clock and at that time the comet was high in the western sky, but almost invisible because of the twilight. At about 7:45, those outside who were correctly informed as to the position of the wanderer, were able to pick it out, but the tail did not at once appear. Gradually, however, as the eclipse of the moon became more pronounced

the comet became stronger and stronger until its tail blazed half way across the sky, though partly obscured by the haze.

Shortly after 9 o'clock the eclipse of the moon began to be total. The moon took on a red-brown color, not unlike rich chocolate, with the entire surface showing.

Best remedy for CONSTIPATION

American colleges and universities are losing their democracy, Dr. Hadley said. "Increased wealth, as we witness it today does not mean the loss of old ideals of democracy either in Yale as a university or in the United States as a nation. The only change is that the problem of conserving democracy has become greater."

Others who spoke were George F. Bovard, president of the University of Southern California; Dr. E. C. Moore, President James A. Blaine of Pomona College; Prof. G. E. Hale of Washington observatory and James F. Fisher. Each voiced the indebtiness of the country, and especially of the West, to Yale University.

Dr. Hale provoked a round of applause by declaring that the astronomers of the world had no apology to offer for the recent eccentricity of the comet's tail. Mr. Fisher, who is a Harvard man, brought the greetings and good feelings of the Harvard Club of Southern California. John Willis Baer of Occidental College sent his regrets at his inability to be present in a letter which was read to those present. The affair closed with the singing of "Bright College Years," and a toast to Yale.

Before the speaking the scholarship fund of the local Yale Club was greatly increased by the passing around of a subscription list. These funds are used to assist yearly a California student in graduate work at Yale. Officers for the current year were also elected. These consist of Francis R. Kellogg, president; Thomas G. Adams, vice-president; and Charles H. Lattin, secretary and treasurer. Charles E. Richards and Sherman D. Thatcher were chosen as members of the Executive Committee.

ADDRESSES TEACHERS. "PROBLEMS OF EDUCATION." Dr. Arthur Twining Hadley, president of Yale College, addressed the public school teachers of Los Angeles Monday afternoon, in the Polytechnic auditorium.

The Problem of Education" was Dr. Hadley's subject. Going back to the early history of education in Persia, the speaker showed how, in the early times, a military education was all that was deemed necessary. In the Greek, and even in the early English periods, education consisted of the distribution of learning among but a few citizens.

At present, in the United States, all are citizens, and all are expected to be educated, he said. Tracing the gradual change from the older education, which consisted wholly in classic life culture, down to the dawn of the Froebel idea, President Hadley spoke of Germany as having carried the specialization of education, as he thought, too far. He expressed himself as believing that it would be better to have the high schools charge a fee for special work, than to have such work given freely, and poorly done, as it was in many instances.

He has, naturally, the college man's point of view, of the high school as an academy preparatory for college, rather than as a preparation for trade or business life, and thus expressed himself.

He brought out the point that a knowledge of and training in self-control and precision were the main qualities developed by education as a whole.

MORE CHINESE RIOTS. CHANOSHIA, May 23.—A number of Chinese have been killed, and a chapel destroyed by rioters at a village between Yi Yang and Ning Siang, a little north of Changsha. It is reported an armed band is marching in Yi Yang. This city is quiet.

THE REAL CURE
S. S. S. FOR SCROFULA
Scrofula is a blood disease manifested usually by an ulceration of the glands. It is almost entirely hereditary in its origin, being the seeds or drugs of some specific blood poison which has been transmitted, in modified form, to the offspring of diseased parents. Where the blood is specially vitiated Scrofula attacks other portions of the system besides the glands, and we see its effects frequently in weak eyes, poorly developed bodies, running sores and ulcers, skin diseases like scaldhead, oozing troubles etc. While the young are the usual sufferers from scrofulous troubles, it is true that it is sometimes held in check until middle life is reached, or passed, and then, as the physical system begins to decline, older persons are attacked by the disease. S. S. S. is the one real and certain cure for Scrofula. It is a blood purifier without an equal and it cures this destructive blood poison by removing the germs from the blood and so enriching and building up the circulation that the disease can not remain. S. S. S. searches out every taint and impurity from the blood; it gives to the blood the richness and power necessary to the healthy growth of children, and it strengthens and invigorates the constitutions of older persons, by its fine tonic effects. S. S. S. is a purely vegetable medicine, perfectly safe for young or old. Scrofula, being a blood disease, can only be cured by a blood purifier like S. S. S. Book on the blood free to all who write and request it.

CLEVER sayings in newspaper advertisements don't count for much, somehow they don't seem to carry conviction to the soul of the average clothing buyer. We strive to give the proper facts, to tell our story in a plain, unvarnished way, and success justifies our course.

THERE HAS BEEN MUCH ACTIVITY in our men's clothing department the past few days; we are offering in this section some uncommonly good values in men's suits; in fact, they are the best we have been able to submit this season; since the original announcement our men patrons have responded most generously, and all have profited handsomely; at this time there are probably some five or six hundred suits in this collection to choose from, embracing every style and fabric that men demand in all sizes. Our price while they last

Every prominent manufacturer in America is represented in our big line of men's fine suits, shown in one, two and three-button models, of the slightest and most serviceable fabrics, greatly underpriced by us at

We CAN and DO unhesitatingly recommend the products of the five of the best tailors in America as the finest clothes makers under the sun; the prices start at \$25.00, ranging as high as \$50.00.

Visit our Men's Furnishing Department and ask to see our Straw and Panama Hats, Neckwear, Shirts, Underwear, Pajamas, Night Shirts and our special offerings in Hosiery and Suspenders.

S. S. S. searches out every taint and impurity from the blood; it gives to the blood the richness and power necessary to the healthy growth of children, and it strengthens and invigorates the constitutions of older persons, by its fine tonic effects. S. S. S. is a purely vegetable medicine, perfectly safe for young or old. Scrofula, being a blood disease, can only be cured by a blood purifier like S. S. S. Book on the blood free to all who write and request it.

THE REAL CURE
S. S. S. FOR SCROFULA
Scrofula is a blood disease manifested usually by an ulceration of the glands. It is almost entirely hereditary in its origin, being the seeds or drugs of some specific blood poison which has been transmitted, in modified form, to the offspring of diseased parents. Where the blood is specially vitiated Scrofula attacks other portions of the system besides the glands, and we see its effects frequently in weak eyes, poorly developed bodies, running sores and ulcers, skin diseases like scaldhead, oozing troubles etc. While the young are the usual sufferers from scrofulous troubles, it is true that it is sometimes held in check until middle life is reached, or passed, and then, as the physical system

NEWS AND BUSINESS.

Appointed Indian Teacher.
 Miss Augusta, assistant of Los Angeles has been appointed teacher at the Fort Hall Indian School, Idaho, according to a special dispatch from Washington.

Knights Templars' Installation.
 There will be a public installation of officers of Los Angeles Commandery, No. 4, Knights Templars, Thursday evening. East Grand Commander Stephens will be installing officer. He will be assisted by Grand Capt. Gen. Hammett. There will be music, refreshments and dancing.

After Fighters and Spectators.
 The Executive Council of the Los Angeles Church Federation held a meeting yesterday and passed resolutions demanding that the Jeffries-Johnson prize fight be stopped by the authorities of the State and of San Francisco. In the event it is not stopped, they demand the removal from office of all the officials, and call for the arrest of the fighters, promoters and spectators.

Graduation of Nurses.
 The California Hospital Training School for Nurses will hold its graduation exercises on Thursday evening in Gamut Club Hall, when seventeen nurses will receive diplomas. Instead of the usual addresses by clergymen, lawyers or doctors, the conferring of the diplomas will be followed by a lecture by E. R. Baumgardner, of the Florida and Fields of Norway. The evening will close with a reception and refreshments.

Letters That Don't Go.
 So many letters destined for foreign countries are held at the Los Angeles postoffice for lack of sufficient postage that Postmaster Harlan has issued a notice, calling attention to the regulations governing foreign mail. The only foreign countries to which a 2-cent letter rate applies are Canada, Cuba, Mexico, Newfoundland, the canal zone, Panama, city of Shanghai, Germany (by direct steamers), England, Scotland, Wales and Ireland. To all other countries the rate is 5 cents for the first ounce and fraction thereof, and 5 cents for each additional ounce or fractional part.

Pretty Section to Clean Up.
 Secretary W. M. Ormabee of the Wilshire Improvement Club stated yesterday that the city prosecutor will have notice served on all vacant lot owners in the recently annexed district to clean up immediately. If the name of owner and number of lot are furnished the prosecutor by the club, with this end in view the secretary is seeking data of this character. His address is Fourth street and Hobart boulevard. Many lots in that pretty section of the city will thus be cleared of unsightly weeds and rubbish. At its meeting tonight at Third and Hobart the club will plan its annual banquet.

Alaska People Organize.
 About thirty former residents of Alaska met at the Chamber of Commerce yesterday to consider forming a Territorial society, to be enrolled with other members of the Federation of State Societies. The meeting was called by J. A. Williams, secretary and organizer of the Federation. Prof. F. F. George, teacher and former editor of an Alaskan newspaper, was chosen temporary president, and S. W. Wall, secretary. The following Organization Committee members were appointed: F. M. Sheppard, S. W. Wall, J. R. Rutledge, A. C. Edwards, Prof. George, J. L. Timmons and Mr. Dilby. The next meeting will be on the 30th inst.

Child Crushed Under Wagon.
 Stealing a ride on a lumber wagon, Wirth Owen, a 6-year-old orphan, living at the Children's Home, No. 321 East Twenty-first street, fell beneath the wheels and sustained injuries which will probably cause his death. He was taken to the Receiving Hospital. His head was so crushed that the face turned blue. The wagon was driven by P. J. Doyle, an employee of the McGuire Contracting Company. He is in no way to blame, as he was unaware that a child was stealing a ride. The accident occurred at Twenty-first street and Central avenue. Dr. Lincoln Rogers gave first aid to the boy and kept him from dying before he could be taken to the hospital.

BREVITIES.

For linotype machine composition, all faces and measures, at reduced prices, apply to The Times Linotype School, corner San Fernando and College streets; telephone Main 5200. Replies to The Times Want Ads, addressed to the Branch Office, No. 531 South Spring street, may be left for delivery at the Main Office. They will be promptly sent to the Branch Office.

OPEN DOOR IN PERSIA.

Diplomatic Controversy Between Germany, Great Britain and Russia.

(ASSOCIATED PRESS NIGHT REPORT.)
 BERLIN, May 23.—A serious diplomatic controversy is in progress between the German government on one side, and Great Britain and Russia on the other, regarding an open door in Persia.

German protests against the joint warning of the other two powers to Persia not to grant railway concessions to Germans. This warning was delivered some weeks ago, and the dispute arose much as did the difference between Germany and France in Morocco.

Complications in Persia have been anticipated since it was made known in St. Petersburg that Russia and Great Britain would refuse to admit the political interest of a third power in that kingdom. The Anglo-Russian note to which objection is made demands that Persia should not grant strategic railroad concessions to a third power or negotiate a loan with one, thus impairing the security of either Anglo-Russian loans.

Soon after the note was issued Count Von Pourtales, the German Ambassador at St. Petersburg, made representations to the Russian government intimating that the attitude of Russia and Great Britain was a matter of concern to Germany.

BLACK JEWELRY FASHIONABLE.

King Edward's Death Creates Demand for Dark Hues in Gems in This Country.

(ASSOCIATED PRESS DAY REPORT.)
 NEW YORK, May 23.—According to the wholesale jeweler of the Maiden Lane district, the death of King Edward has caused a noticeable revival in this country, as well as abroad, in the demand for black jewelry, including jet, black onyx, opals and other stones of dark hues.

A similar effect followed the death of Queen Victoria and the Prince Consort in the early years of her reign. The jeweler says the present demand is not confined to those Americans who follow English fashions, and that it is likely to last for some time. Mourning jewelry was fashionable for a long time after Queen Victoria's death.

WAR ON "MEAT TRUST."

NEW YORK, May 23.—Application to the courts of New Jersey for the dissolution of the National Packing Company will be the next move by Prosecutor Garven, of Hudson county, in his war on the so-called meat trust. The company was indicted in Hudson county last February. Mr. Garven announced today he would apply for its dissolution on June 1.

MAY SUTTON TRAINS TO WIN BACK TITLE.

Her Great Tennis Match With Miss Hotchkiss, Present World Champion, Next Monday, Will be Fierce Struggle for Honors.

MISS MAY SUTTON, the little tennis queen, who, like our distinguished friend, James J. Jeffries, is engaged in a fierce struggle to see if a champion can "come back," closed her training yesterday at Mt. Washington. The courts were turned over to the workmen and Miss Sutton will finish her practice at some other court.

Her attempt next Monday to beat back the world's championship from Hazel Hotchkiss, the Berkeley girl, who beat her at Ojai, is expected to be the most sensational tennis match ever seen on the Coast.

It has attracted more attention elsewhere than in Los Angeles. In England, where Miss Sutton beat every one in eight, the tennis fans seem to be much excited.

A young Englishman who was passing through Los Angeles on his honeymoon heard of the match and turned off the moon; he insisted upon interrupting his honeymoon and waiting over eight days for the contest.

That Miss Hotchkiss won the championship only on a fluke and hasn't a chance next Monday is believed by nearly all the tennis players—except Miss Sutton.

FIGHT OF HER CAREER. She realizes perfectly well that Miss Hotchkiss is the best player she ever met, and that the fight of her tennis career will begin next Monday at 3 o'clock.

"You are all right; you will win," remarked one of her friends as she left the practice courts. "I am not so sure you are," said the ex-champion Jilly. Miss Sutton is admitted to be worried over her chances.

No less an expert than Malcolm Whitman, supposed to be the greatest player America has produced, warns Miss Sutton that she has a terrific fight ahead.

GIRL FIRES MANLY SPARK.

Her Words Rouse Conscience of Erring Man.

He Trades Freedom for Love and Punishment.

"God, Boy, Have You No Heart?" She Pleads.

The unfailing devotion of a girl, who, snatched by a lofty purpose, sent a message of truth across two-thirds of a continent—from Chicago to Ocean Park—caused Max H. Rubenstein to surrender to the Los Angeles police department Saturday, and volunteer to pay the penalty for his crime of embezzling \$500 from Libby, McNeil & Libby Company, packers, for whom he had worked in the East.

Rubenstein had escaped detection, changed his name and was prospering in Ocean Park where he was working under the alias of Jack Rose, for the McMan Vacuum Cleaning Company. There was no imminent danger of arrest and his crime did not worry him until he received a letter from the girl in Chicago whom he has loved since childhood. She urged him to face his accusers, pay the penalty for his crime, and begin life anew.

"She promised to wait patiently for him and pledged her word that she would remain constant and steadfast. When Rubenstein read the letter he was overwhelmed with the truths which were fearlessly penned by the girl in his hand. He walked into Capt. Dixon's office and presented the letter as he announced that he was guilty of embezzlement and had come to be locked up.

The police captain read the letter at Rubenstein's request, and brought his clenched fist down upon the desk declaring: "Boy, if I ever should be wanted for a crime and received a letter such as that, from such a pure woman, I would give myself up if they hung me for it."

A telegram was sent to the Chicago police department asking if Rubenstein was wanted. Capt. E. B. Wood of the Central Division Police Station, wired back to hold the prisoner, and stated that necessary papers for his removal were being prepared.

COMMERCIAL VENTURES FAIL. Rubenstein says that he was formerly a newspaper reporter in Chicago but was attracted by better paying commercial opportunities. He was unfortunate in several ventures and finally took employment as a collector for the Libby, McNeil & Libby Company. His salary was small although he handled large sums of money and worked hard. After a month of steady work, he collected \$500 in a single day and started to turn it in to his employers. As he walked to the office the roll of bills seemed strangely heavy and he hurriedly hid them in his pocket. He insisted on thinking of him as a playmate.

He did not reach the office that night. On March 3 of this year, he became known that Rubenstein had left town with \$500 of his employer's money. A couple of lines in the papers recorded the fact. At the time the 32-year-old collector was on his way to the Pacific Coast. He traveled in style, and dreamed of a quick turn of fortune which would enable him to pay back the money and take a position of prominence in the world.

WOULD GO TO WORK.

But the Brewery Strikers Are Kept in Line by Outside Paid Agitators and Bluffers—Employers Stand Firm.

THE brewery strikers, who want their jobs back again, were held in line yesterday by the paid union labor grafters only by the most desperate pleading. They were told that as soon as the strikers delivered all their stock beer, they would give in.

"You've only got to wait a few days, men," the blatant-mouthed agitators cried. "to have the brewers where you want them. They can't brew beer without experienced hands. They're running a bluff now, but when the stock beer is all gone, they will beg you to come back."

This sophistry silenced the grumbling of the strikers for a brief time yesterday morning. But when they saw smoke pouring from the breweries and heard the rumble of machinery, they knew by the familiar sound that beer was being brewed. They rushed back to the Labor Temple with the disheartening news. Black looks were cast at the man who is responsible for calling the strike and forcing men satisfied with their jobs to walk out.

Then this man, one Probable of Cincinnati, told the strikers that the Royal Arch was going to support the strike by refusing to sell local beer. A meeting had been called, and as soon as the decision was reached, the brewers would cave in.

THE PUBLIC SERVICE In the Courts and Offices.

SUMMARY OF THE DAY.

New rates reported by the Linsner Board of Public Utilities to the Council yesterday were found to be without sufficient basis again.

Revelations in Judge Bordwell's court yesterday indicated that John F. Conner had secured a decree of divorce from Jennie Conner, in Judge James' court, in March last, by fraud.

The Los Angeles Creamery Company and the San Pedro, Los Angeles and Salt Lake Railway brought suit yesterday against the county of Los Angeles for the recovery of taxes alleged to have been illegally paid.

District Attorney Fredericks brought suit in the Superior Court yesterday against Warren Wilson and Mary A. Minter to recover \$15,000 alleged to be due on bonds furnished by the defendants for Elmer Elsworth Rowell, who disappeared some time ago.

Adolph Melnick was sent to jail by Judge Bordwell yesterday for contempt of court in not paying his wife \$50 a month alimony.

AT THE CITY HALL.

LINSNER BOARD ADMITS ERROR.

TWO TRIALS AND STILL THE COUNCIL DOESN'T KNOW.

Impeccable Board Substitutes New Rates That Prove Humiliating to the Boss When It Is Found He Figured Without Knowing Quantities for His Basis.

In the supplementary report by the Impeccable Linsner Board of Public Utilities to the Council yesterday new rates were advised for the San Pedro Water Company, and incidentally for the people of the harbor region. The new rates are "estimated" by Linsner, who read the report, to provide an increased income to the company, but are following the scale of the Los Angeles water department rates, so that the small consumer is on a different basis from the large consumer.

A few statements by Herbert J. Goudge, attorney for the San Pedro Water Company, disclosed the fact that Linsner had made the new rates without being in possession of the number of houses in each classification, and that the engineer he could not say what the revenue would be. The Council gave Goudge until this afternoon to supply the rates and see what the result would be.

But the humiliating part of the San Pedro case was the necessity of Linsner withdrawing the rates submitted last week, when Goudge showed they were based on an absurd computation of Engineer Comstock. Facing this inquiry last Thursday night, Goudge asked Comstock to testify. But Linsner interposed with a request that the rates be withdrawn, in order to correct the mistakes of the board.

Comstock had taken the gross rated capacity of the pumping plant, and by comparison with the gross quantity sold made a "discovery" that 108,000,000 had "disappeared." When it was shown that the Comstock figure was a mere guess of the engineer the Linsner board found that its intimation that the 108,000,000 figure was the Southern Pacific or the Wilmington Transportation Company was foolish.

Little difference is found in the action in bringing in a supplementary report, based on quantities which Linsner did not know. When Goudge brought out this fact, Linsner opposed any further delay, declaring that the company had not furnished the figures needed at any time, and that those made by him would provide an increased revenue.

There are other features of the San Pedro report that showed facts derogatory of the work of the board and its expensive staff of engineers.

Goudge, in asking compensatory rates, took the figures reported by the board. With them he easily showed that the San Pedro company is now earning but 2 1/2 per cent, according to the board's own estimate, and yet the board was recommending its reduced rates. This was on the theory that the millions that "disappeared" ought to be paid for. The company, under the law, has a right to earn 6 per cent, and that is what it is demanding on the basis of Linsner's own figures.

The new rates recommended yesterday provide for an increase on meter rates from 7 to 10 cents, and on household rates of about 40 cents over the Los Angeles rates for each classification.

The company did not want to accept them until it had a chance to apply them to its business, though it made no objection to the theory on which they were made. To convince the board, its engineer will be permitted to share the work of computation if he wants it.

The Council yesterday voted to adopt all the recommendations of the board as to water rates, except as to San Pedro and Terminal Island. This extends the rates of the water department to all consumers, except those of the Union Hollywood Water Company. The reduction there is from 10 to 12 1/2 cents. The company filed schedules yesterday showing that a minimum rate of \$2.33 will be necessary to meet all legitimate expenses, which are asserted to be \$150,000, including an interest charge of \$25,000 and annual depreciation of \$30,000. On the rate proposed by the board, and adopted by the Council (\$1.35), the company shows that its revenue will be but \$71,222, or only about 10 per cent more than the interest charge alone.

It is expected that the board's advice as to telephone and electric light rates will be filed today, and that the Council will consume the entire week in rate-fixing sessions.

TRACK PAYING.

HAMLIN MAKES REPORT.

Acting on a report from City Engineer Hamlin the Council will consider the ordinances requiring the use of the grooved girder rail in all future work of street and traction companies on paved streets and also requiring the use of construction specifications for paying between tracks. Hamlin visited San Francisco a week ago and reports that the grooved rails used on Seventh street there are not broken and have stood seven years' test splendidly, except on curves. He explains that curves are omitted from the ordinance here.

The girder rail ordinance was originally drawn to take effect October 1, but the Council will change this to make it effective within thirty days, along with the construction measure.

ASKS MAINS FIRST.

TO DISCOURAGE BUILDING.

Another step to discourage the construction of a new building by the Water Board at Fifth and Olive

streets, was taken by the Council yesterday when it adopted Betkouski's resolution calling on the board to report on the surplus funds making additions to portions of the city now without city water. He asked that the most populous regions be supplied and the money is used "for less urgent needs."

Immediately "Uncle Jerry" Andrews moved that the main in Vermont avenue be extended out Wilshire boulevard to the city limits and his motion prevailed. He said this street was soon to be paved and it was not desirable that the extension of the main should cause it to be torn up.

Wharf Water Rates.
President Linsner of the Board of Public Utilities told the Council yesterday that some report would be made recommending the fixing of rates for the sale of water to vessels at San Pedro. The hearing of the San Pedro Water Company showed that water sold by it at 7 cents per hundred cubic feet is resold to vessels at 15 cents per hundred. Linsner said information as to the rates charged at San Francisco had been sought and would be waited before a report is made. It is asserted that the rate is so low at San Francisco that ships take on a supply for a round trip rather than pay the San Pedro rate.

Naud Junction Doomed.
Naud Junction is doubly doomed, according to a letter from E. E. Calvin, general manager of the Southern Pacific received by the Council yesterday. He says the Council's resolution ordering the station removed from the street had been anticipated by action of the Southern Pacific directors and that it will be removed just as soon as the company is able to withdraw its tariffs to that point. The withdrawal is in the hands of the Interstate Commerce Commission.

Costly Park Improvement.
If the Park Commission carries out the architectural ideas for the improvement of Central Park, reported by John Parkinson yesterday, the Council will have to supply \$100,000 from next year's budget. This will include \$10,000 for public comfort stations, \$15,000 for an electric fountain and \$25,000 for granite entrances and coping for the whole park. The commission instructed Parkinson to perfect his plans and conference with the Council will be sought.

Asks City to Share Cost.
The North-Northwest Association asked the Council yesterday to appropriate \$100,000 to aid in paying for the opening of Sunset boulevard and thus relieve the assessment of this amount. The association asserts that Sunset boulevard has been open for \$125,000 for improvements in the past five years and that the city should bear a portion of the cost which will benefit all.

Good to the Council.
Like Banquo's ghost the South Los Angeles Improvement Association returned to the Council yesterday with another communication asking when the Los Angeles-Kedondo railroad and the city and by the terms of the city it will be permitted to charge only five cents car fare. It reminds the Council that the last appeal was sent to the City Attorney to take action but it adds that nothing has been done.

Pavors Garvarna Park.
The Garvarna Improvement Association has urged the Council to approve the plan of creating a park out of the land bounded by Pasadena and Piedmont avenues and Harmon Way, and Avenue 4 and 5 and the one reducing this area. It is asserted that the larger park will present the instrument of industries and will enable the city to provide a beautiful park, with sunken gardens and a new playground.

New City Hall?
An inquiry by the Board of Public Works asking the Council what answer it will make to the tenants of the Temple Block who want to know how long they will be permitted to occupy their rooms was sent in yesterday. It discloses what the present purpose of the Council is with reference to beginning the new City Hall, if it knows itself.

AT THE COURTHOUSE.

DIVORCE CASE SHOWS FRAUD.

INSANE WOMAN'S HUSBAND HAVE TO EXPLAIN.

Pitiful Circumstances Surrounding Unfortunate Wife and Mother Come to Light Before Judge Bordwell and Lunacy Commission During Investigation.

A despicable use of civil processes of the Superior Court of Los Angeles county was indicated in a case of an insanity case before Judge Bordwell yesterday.

Among the unfortunates to answer the charge of being insane was Jennie Conner, who was brought before the court in her case, was suffering from melancholia, and while in no sense dangerous, her mental ailment was of a despondent nature that she needed the treatment the State provides for the insane, and she was committed to Patton Hospital.

An investigation showed that the poor woman had been made the victim of a designing husband, and that while she was suffering from a physical and mental breakdown following the death of two of her children from diphtheria, John F. Conner, the husband, had brought an action against her for divorce on the ground of desertion, and secured an interlocutory decree in Judge James' court. The action was commenced September 23, 1908, the interlocutory decree granted March 28, 1909, and the final decree March 29, 1909.

Mrs. Conner has two brothers, Frank Prather and S. T. Prather of Selma, the last-named being the trustee of her interest in the estate of her father, worth \$2000. The attorney in charge of her interests is said to be E. E. Shephard, who is administrator of the father's estate.

It seems from what could be learned of the affair, that the woman has been in an enforced seclusion for some years, and that just before the institution of the suit for divorce, Conner took her to her former home in Selma, and informed her father that she was tired taking care of her. He merely dumped her out there and left the place. It has also transpired that at the time the interlocutory decree of divorce was granted that the poor woman was confined in a private sanatorium and cared for by her people.

The complaint filed by Conner merely recited the fact of his marriage to John Prather at Selma, and that in 1907 she had deserted him and refused

to live with him. The decree was granted on the evidence of the plaintiff in the case, corroborated by several friends. The husband's testimony was the desertion being shown, there was nothing to do but grant the decree.

It seems that during the year that must elapse between the granting of a decree and the final action, the husband knew nothing about the step her husband had taken to get rid of her legally. Conner is supposed to be in San Bernardino.

SECOND TRIAL.

DR. PRICE IS DEFENDANT.

In Judge Willis' court yesterday, the date for the second trial of Dr. W. R. Price, on the charge of securing \$1000 from Miss Mary J. Helm by unloading upon her shares of the National Gold Dredging Company, was set for August 1. The hearing showed that the case, which was continued eight days, Judge Willis will use but half that time in the next trial.

Another charge was taken in the Dr. Price stock deal in Judge Hervey's court, when a decision in favor of the plaintiff was rendered. The charge against R. R. Christie, was rendered. When Christie was hypnotized with Sadie Engstrom of No. 42 Lafayette street, was the date of her hearing on the allegation fixed, after a plea of nolo contendere.

In presenting the case, Deputy District Attorney North, referred to the fact that the morning papers had carried a story about the alleged kidnapping of the defendant or someone in her employ, to kill or kidnap Miss Engstrom, and argued that it would be in the interest of justice if the case was set for an early date. He thought there was a strong effort apparent to destroy the testimony in the case.

Judge Davis said that the newspaper publications were not officially before the court, but he was convinced that the matter should be disposed of at the earliest possible moment. The date for Mrs. Smith's hearing was then set for June 4.

Mrs. Smith came into unsavory prominence in connection with the Wilson quadruplet fake some time ago. The Engstrom girl confessed that her child born out of wedlock, was taken to the Wilson home by Mrs. Smith, the percentage of the other three mysterious babies has never been established.

THE INFERIOR COURTS.

UNLIGHTED TAIL LAMPS COSTLY.

INDIGNANT CITIZENS FORCED TO PAY FINES.

Fifty-two Automobileists Who Fail to Keep Rear Beacons Glowing Appear Before Justice for Violating State Law and Many Contribute Two Dollars Each.

In the police court of Justice Rose yesterday fifty-two indignified citizens who were forced to explain why they had neglected to have tail lights on their automobiles. Under the State law forty-five were sentenced to two days' each. A few received suspended sentences, one case was dismissed and another defendant discharged. Half of the defendants offered glib excuses but the magistrate called attention to the fact that they were not framed so that persons could take care to see that they did not have lamps which were defective, oil which would not burn, carbides that were plugged, wicks that wasted away, frayed, tracks, switches, spurs and passing tracks, covering Los Angeles, Pasadena, Pomona, Vernon, Glendale, and a dozen school districts.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

ACTION FOR DAMAGES. J. T. Perry brought an action for \$100 damages against the American Transfer Company, alleging that on October 11 last he was injured because the defendant had hired Ray Perry, an alleged unskilled man, to load and unload trunks, that by reason of the clumsy handling of a heavy trunk the plaintiff was badly injured, suffering a partial fracture of the skull.

SUIT FOR A DEED. Fred Barman and Lester L. Robinson began suit against the Oil and Metals Bank, formerly the Columbia Trust Company, of the Superior Court yesterday to compel the defendant to promptly execute a deed for 1.28 acres of land, which was under a trust deed, the terms of which the plaintiffs are willing to fill, and is in the Harris and Tully tract.

WOMAN IN CONTEMPT. The divorced wife of George D. Ames was sentenced in Judge Houser's court this morning for contempt in that she failed to obey an order of the court to see their son, Wilbur D. Ames, according to the terms of an order of the court. The pair have been having all kinds of trouble in the divorce case for six months or more in regard to the disposition and care of the child.

ANOTHER SLICE OF ESTATE. In Judge Rivers' court yesterday an order was made for the partition of the estate of John J. Charnock, his share of the estate, amounting to \$24,000, and the administrator, Chester R. Smead, was ordered to deliver to the plaintiff, a share of the estate, amounting to \$24,000, and the administrator, Chester R. Smead, was ordered to deliver to the plaintiff, a share of the estate, amounting to \$24,000.

RUBIO LOSER CASE. Judge Hervey yesterday decided the action brought by Mateo Rubio against the Los Angeles-Pacific Railway for \$5355 alleged to be due on account of the plaintiff being struck by a car of the defendant company September 18 last, on Sixteenth street, Santa Monica, in the hands of the defendant. The court found in favor of the plaintiff, and awarded him \$5355, plus interest and costs.

JACOBS LOSER. Guy R. Jacobs of Pasadena brought suit for the recovery of \$298, alleged to be due from the Western Real Estate Company, capital stock \$100,000, incorporated by W. J. Latchford, F. M. Raff, L. E. Wood, J. D. Crawford, D. E. Fulviller and Olin Wolf, Jr., subscribed, \$200; Crown City Realty Company, capital stock \$50,000, incorporated by J. H. Crocker, Ernest Kennedy and Henry Waterman, subscribed, \$500; Pine Street Investment Company, capital stock, \$25,000, incorporated by J. D. Darling, F. R. Scott, G. S. Davis, H. J. Benedict, Roy W. Downs, Robert M. Allen and H. S. Clewett, subscribed, \$75; Pacific Guaranty and Title Company, capital stock \$25,000, incorporated, T. M. Steikus, J.

MURDER TRIAL BEGINS. CIRCUMSTANTIAL EVIDENCE. A half-dozen brickbats and a two-gallon wine bottle are marked "Exhibit A" in the Juan Miranda murder case, now engaging the attention of Judge Davis and a jury.

The brickbats are supposed to have been used by Miranda on Canosa Robles at No. 223 Mateo street, January 13 last, and caused the alleged death of the victim. The wine bottle was held the wine that made both Robles and Miranda drunk, the orgie ending in the murder.

It is understood there is no direct evidence connecting Robles with the killing of Miranda, engaged in assisting T. B. Manriquez to move his belongings from the Mateo street place to Ninth street, and when a load of the belongings was being moved, Robles and Miranda were left alone at No. 223.

When the team and drivers returned Robles was found with a brickbat, and Miranda under the influence of the wine.

He pretended to know nothing of the killing of Robles, and so far as the testimony of Manriquez is concerned, there had been no previous trouble between the men. Upon the coat of Mi-

rande, it is alleged by the State, several spots of blood were found, and this, with the fact that Miranda is the last man seen alive with Robles, is counted upon to convict the man.

Other witnesses examined were Asias Tarboro, Jose Larus and Dr. George W. Campbell, the latter as to the wounds that caused the death of Robles. None of the other witnesses could add anything to the circumstances of the very peculiar case.

Among the jurors in the panel of Judge Willis' court who were called to do service in the case was Edukio Sorabjee, who said that he was a "Parson born a Bombar, and a descendant of the line of Kings from Cyrus of Persia, Darius, Artaxerxes, Cambyses, and other potentates. Sorabjee is a fluent master of six languages, and has for some time been engaged in the real estate business in the Los Angeles office of the defendant. He was not accepted by the defense.

FOR ALLEGED CHILD STEALER.

Mrs. Catharine E. Smith, charged in an information with child-stealing, in that she had taken a daughter of Miss Sadie Engstrom of No. 42 Lafayette street, was in Judge Davis' court yesterday to have the date of her hearing on the allegation fixed, after a plea of nolo contendere.

In presenting the case, Deputy District Attorney North, referred to the fact that the morning papers had carried a story about the alleged kidnapping of the defendant or someone in her employ, to kill or kidnap Miss Engstrom, and argued that it would be in the interest of justice if the case was set for an early date. He thought there was a strong effort apparent to destroy the testimony in the case.

Judge Davis said that the newspaper publications were not officially before the court, but he was convinced that the matter should be disposed of at the earliest possible moment. The date for Mrs. Smith's hearing was then set for June 4.

Mrs. Smith came into unsavory prominence in connection with the Wilson quadruplet fake some time ago. The Engstrom girl confessed that her child born out of wedlock, was taken to the Wilson home by Mrs. Smith, the percentage of the other three mysterious babies has never been established.

THE INFERIOR COURTS.

UNLIGHTED TAIL LAMPS COSTLY.

INDIGNANT CITIZENS FORCED TO PAY FINES.

Fifty-two Automobileists Who Fail to Keep Rear Beacons Glowing Appear Before Justice for Violating State Law and Many Contribute Two Dollars Each.

In the police court of Justice Rose yesterday fifty-two indignified citizens who were forced to explain why they had neglected to have tail lights on their automobiles. Under the State law forty-five were sentenced to two days' each. A few received suspended sentences, one case was dismissed and another defendant discharged. Half of the defendants offered glib excuses but the magistrate called attention to the fact that they were not framed so that persons could take care to see that they did not have lamps which were defective, oil which would not burn, carbides that were plugged, wicks that wasted away, frayed, tracks, switches, spurs and passing tracks, covering Los Angeles, Pasadena, Pomona, Vernon, Glendale, and a dozen school districts.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

ACTION FOR DAMAGES. J. T. Perry brought an action for \$100 damages against the American Transfer Company, alleging that on October 11 last he was injured because the defendant had hired Ray Perry, an alleged unskilled man, to load and unload trunks, that by reason of the clumsy handling of a heavy trunk the plaintiff was badly injured, suffering a partial fracture of the skull.

SUIT FOR A DEED. Fred Barman and Lester L. Robinson began suit against the Oil and Metals Bank, formerly the Columbia Trust Company, of the Superior Court yesterday to compel the defendant to promptly execute a deed for 1.28 acres of land, which was under a trust deed, the terms of which the plaintiffs are willing to fill, and is in the Harris and Tully tract.

WOMAN IN CONTEMPT. The divorced wife of George D. Ames was sentenced in Judge Houser's court this morning for contempt in that she failed to obey an order of the court to see their son, Wilbur D. Ames, according to the terms of an order of the court. The pair have been having all kinds of trouble in the divorce case for six months or more in regard to the disposition and care of the child.

ANOTHER SLICE OF ESTATE. In Judge Rivers' court yesterday an order was made for the partition of the estate of John J. Charnock, his share of the estate, amounting to \$24,000, and the administrator, Chester R. Smead, was ordered to deliver to the plaintiff, a share of the estate, amounting to \$24,000, and the administrator, Chester R. Smead, was ordered to deliver to the plaintiff, a share of the estate, amounting to \$24,000.

RUBIO LOSER CASE. Judge Hervey yesterday decided the action brought by Mateo Rubio against the Los Angeles-Pacific Railway for \$5355 alleged to be due on account of the plaintiff being struck by a car of the defendant company September 18 last, on Sixteenth street, Santa Monica, in the hands of the defendant. The court found in favor of the plaintiff, and awarded him \$5355, plus interest and costs.

JACOBS LOSER. Guy R. Jacobs of Pasadena brought suit for the recovery of \$298, alleged to be due from the Western Real Estate Company, capital stock \$100,000, incorporated by W. J. Latchford, F. M. Raff, L. E. Wood, J. D. Crawford, D. E. Fulviller and Olin Wolf, Jr., subscribed, \$200; Crown City Realty Company, capital stock \$50,000, incorporated by J. H. Crocker, Ernest Kennedy and Henry Waterman, subscribed, \$500; Pine Street Investment Company, capital stock, \$25,000, incorporated by J. D. Darling, F. R. Scott, G. S. Davis, H. J. Benedict, Roy W. Downs, Robert M. Allen and H. S. Clewett, subscribed, \$75; Pacific Guaranty and Title Company, capital stock \$25,000, incorporated, T. M. Steikus, J.

MURDER TRIAL BEGINS. CIRCUMSTANTIAL EVIDENCE. A half-dozen brickbats and a two-gallon wine bottle are marked "Exhibit A" in the Juan Miranda murder case, now engaging the attention of Judge Davis and a jury.

The brickbats are supposed to have been used by Miranda on Canosa Robles at No. 223 Mateo street, January 13 last, and caused the alleged death of the victim. The wine bottle was held the wine that made both Robles and Miranda drunk, the orgie ending in the murder.

It is understood there is no direct evidence connecting Robles with the killing of Miranda, engaged in assisting T. B. Manriquez to move his belongings from the Mateo street place to Ninth street, and when a load of the belongings was being moved, Robles and Miranda were left alone at No. 223.

When the team and drivers returned Robles was found with a brickbat, and Miranda under the influence of the wine.

He pretended to know nothing of the killing of Robles, and so far as the testimony of Manriquez is concerned, there had been no previous trouble between the men. Upon the coat of Mi-

Judge the Stability of the "Equitable" by its Assets

—The strength of a bank is no greater than the strength of its securities.

—The loans made by the "Equitable" are restricted to unquestioned securities, no loans ever being made for anything but first mortgages on real estate and municipal and school bonds of California.

—This eliminates the loans of this bank absolutely from anything of a speculative nature and puts it on a basis of security that cannot be surpassed.

—It is because of this conservative management carried on throughout the entire business of the bank, that the "Equitable" has grown to be one of the number of its depositors and in the strength of its resources.

Over \$2,400,000

COMMITTEE WILL SERVE.

Investigators of Highway Commission

Named by Supervisors and Or-

ganized for Work.

The Board of Supervisors yesterday

made a final selection of the committee

to investigate the affairs of the High-

way Commission and the investigators

of once organized and prepared to

start to work without delay.

Those appointed are Joseph Scott,

president of the Chamber of Com-

merce; Roy P. Hillman, president of

the Auto Club of Southern California;

Perry W. Veldner, president of the

Park Bank; Austin B. Fletcher, gov-

ernment expert and engineer for the

San Diego Highway Commission; Geo.

M. Pearson, surveyor of Riverside

county, and Henry Hawgood, consult-

ing engineer.

Scott, Hillman, Pearson and Haw-

good appeared before the Supervisors

and said that they would be glad to

assume the role of investigators.

They reported to the Supervisors that

the highway affairs have been carried on

in a haphazard manner, and that the

highway commission has been carrying

on its work in a manner that has

caused the Supervisors to be con-

stantly troubled with the highway

problem.

Scott, who is a member of the Ad-

visory Committee, which made the un-

favorable report on the good roads

project, stated that he did not sign the

communication. He also said that the

Chamber of Commerce would be will-

ing to pay the expenses of one man

to look into the manner in which the

highway affairs have been carried on.

The refusal of C. H. Plummer, pres-

ident of the Merchants' and Manufac-

turers' Association, to serve was read.

Weldner was substituted in place of

him.

Fletcher stated in a letter that he

would be unable to give all of his time

to the work, but that he would be

willing to come here during the week

ends.

The members of the committee who

were present held a meeting as soon

as their appointments were confirmed.

Scott was appointed chairman.

They reported to the Supervisors that

they had decided that \$25 a day for

outside work and \$25 a day for office

work would be a reasonable compen-

sation for the experts. The business men

would serve without pay, but will re-

ceive their expenses from the county.

The committee plans to begin the in-

vestigation Thursday. They will leave

in the morning for a trip over the

roads which have been constructed or

are in the process of being built.

Two complaints in connection with

the highway scheme were received by

the Supervisors yesterday. J. Wesley

Sprague, who owns a lot in the Ar-

lington Heights Terrace tract, facing

Washington street, notified the of-

ficials that his curbing had been al-

lowed to fall when the grade was

changed and that he was damaged to

the extent of \$150. He asked that the

county should replace the curbing.

T. W. Williams, vice-president of the

Farmers' and Merchants' Bank, who

owns a lot between Los Angeles and

Compton, had a similar complaint. The

communications were referred to the

Highway Commission for a report.

HIGHWAYS ARE CLOSED.

Bridges Will Be Improved—Supervisors

Get Specifications for Valley Road

Construction Work.

The Highway Commission made

several recommendations to the Board

of Supervisors yesterday, which were

favorably acted upon.

Fifteen feet on each side of the cen-

ter line of American avenue from Wil-

son Junction to Franklin street will

be closed during improvement work.

The entire avenue from Franklin

street to Lincoln avenue will be shut

up. From Lincoln avenue to Long

Beach boulevard, fifteen feet on each

side the center will be shut off from

travel. The boulevard from American

avenue to Main street, Compton, will

also be closed.

In order to take care of the storm

water from the San Gabriel River,

which will flow across Long Beach

boulevard on account of the changes

in the channel made by the flood last

December, several bridges will be im-

proved. One will be lengthened 115

feet at a cost of \$390; another will be

made 165 feet longer at a cost of \$360,

and two will be raised about four feet,

which will cost about \$25.

Washington street, from the city

limits to Adams street, will be closed

so that the construction of the im-

proved highway may not be interfered

with by the traveling public.

Specifications were submitted for the

ATTORNEY FOR PACIFIC ELECTRIC RESISTS

Application for Flagman at Man-

chester Avenue Crossing.

Attorney Haskins, representing the

Pacific Electric, appeared before the

Supervisors yesterday to resist an

application of persons residing near

the Manchester avenue crossing to the

county officials to compel the railway

to place a flagman at the intersection.

He declared that the seven violent

deaths referred to in the petition had

taken place at other crossings, and

that there had never been an accident

at this intersection.

Haskins said that the Pacific Elec-

tric is willing to place some safeguard

at this crossing, but the Supervisors de-

clined that such action should be taken,

but that the railway officials feel that

there is no necessity for a flagman or

safety device. The matter was re-

ferred to Chairman Nellis.

FALLING-OUT OF SMITHS.

One Throws Things at Another and

Pays Fifteen Dollars to Get Out

of Trouble.

The Smith family fell out Sunday

night and as a result Albert Smith

was fined \$15 by Justice Summerfield

yesterday, for having committed bat-

tery on J. R. Smith. Albert was a

passenger on a Santa Monica car and

asked the other Smith, who was the

motorman, whether the trolley went to

this city. There was some misun-

derstanding as to the answer on account

of the noise made by the speeding car.

Albert used sulphurous language and

was ejected. He made a billiard shot

at the motorman and hit him with a

rock, which first struck the side of the

car and bounced back. He admitted

as he paid his fine, that he would

know better the next time he got into

trouble than to begin throwing things.

SCHOOL BONDS SELL.

Bids for school bonds were opened by

the Board of Supervisors yesterday,

and J. H. Adams & Co. secured twelve

Jefferson-street bonds at a premium of

\$4.50. The American Savings Bank

bids \$4.84, but failed to send the proper

check. The bank secured nineteen

domestic bonds at a premium of \$2.80.

The Adams bid was \$167.50, and that

of Barroll & Co. was \$113.75.

PATENTS FOR SETTLERS.

Fifteen Ranchmen in Imperial Valley Will Receive Receipts of Ownership from Government.

The Commissioner of the General Land Office at Washington has notified the local officers of the department to give patents to fifteen settlers in the Imperial Valley. It is expected that similar notifications will be received from time to time until the majority of the desert land entries secure title to their holdings. This step has been anxiously awaited, as it will enable the ranchmen to mortgage their land or sell it.

Those who are to receive patents at once are: William A. Dugas, tract 92; Theodore E. Cressey, tract 64; Lorenzo E. Blackman, tract 98; William E. Mendler, tract 75; Edward S. Lyon, tract 56; Edward C. Wilson, tract 119; John F. Hawk, tract 101; Grace Chaplin, tract 82; Daniel M. Collingwood, tract 84; Julia V. Blair, tract 125; Joel M. Clark, tract 81; Lon F. Chapin, tract 83; Felix G. Havens, tract 145; E. Steensrup, E. E. Miller, Miss E. Morgan, H. D. Brown, Mlle. Viacaya, Mrs. J. T. Todd and F. L. Kern.

WHOSE IS THE LAND?

The question of whether certain lands in San Bernardino county, filed on by the Southern Pacific Company, are mineral in character will be determined at a hearing before the local officers of the Land Office. The tract is located along the railroad's right of way. It was granted the railroad for construction work. If it is proven to be mineral in character, the protestants will be able to make claim for portions of it. It is alleged that several mining companies have invested large sums for working their properties which are located in the disputed territory. The railroad contends the land is agricultural. In a preliminary report made by one of the government field agents it is stated that the Southern Pacific used great care in selecting its lands, and in the view of excluding all that was not strictly agricultural. Receiver Robinson said yesterday that the date for the hearing has not been set.

DOESN'T LIKE CHANGES.

Vexed because the city building inspector has ordered some material change in the construction of the new chapel at the County Hospital, Supervisor McCabe yesterday caused a request to be made of Deputy Dist. Atty. Shaw to render an opinion as to what are the rights of the city in the matter. "It seems to me that they have nothing else to do but sit up and make trouble," declared McCabe. "The building as it was planned was all right."

ORIENTAL RUGS

At Plainly Marked Down Prices

We are not in competition with any store that sells rugs, as we do not deal in modern commercial rugs made for the trade, which instead of improving, deteriorate in value by use.

We import and sell exclusively, rugs of character and merit, rugs made for home use only, in the making of which, time, material and cost have never figured, rugs that will improve by use and enhance in value.

We sell these kind of rugs as cheap and in many cases cheaper than the commercial rugs selling elsewhere.

Our Prices Marked Plainly, Marked Very Low and Same for Everybody

A comparison of our rugs and prices will prove all we say and more too.

EVENTS IN LOCAL SOCIETY.

MISS GRACE ROWLEY, whose wedding to Thomas Caldwell Ridgway will be one of the gala affairs of June, will entertain Friday with a luncheon for her bridesmaids, who include Miss Mary Clark, Miss Mary Lindley, Miss Mary Burnham, Miss Annis Van Nuy, Miss Florence Silent, Miss Ruth Sterry, Miss Evelyn Kennedy, Miss Olive Harpham and Miss Ethel Shaw. The same evening Mr. Ridgway will entertain with a dinner party at the Jonathan Club for young men of the bride party. Covers will be laid for Dr. Henry Owen, Everett, Maj. Andrew James Copp, George Ennis, L. Mac Blankens, Kay Crawford, Raymond Moore, Joseph Coffman, Don Carlton and Courtland Brown. Mr. and Mrs. L. N. Van Nuy of West Sixth street last evening presided at a fashionable dinner party for the bride-elect, Mr. Ridgway and the bride party. Above the table a canopy of asparagus plumosus was gracefully arranged. Over the cloth was a handsome centerpiece of pale pink sweet peas and maidenhair fern. Cards hand-decorated, completed the pretty idea. Following the dinner twenty-four guests dropped in for dancing.

Mrs. Plummer Hostess.
Mrs. Beatrice Hubbell Plummer was hostess last evening at a dinner party given at Hotel Leighton in honor of William L. Hubbard, late musical critic of the Chicago Tribune.

In Redlands.
Mrs. W. O. Morton of No. 553 South Hope street, is the hostess of Mrs. B. P. Church in Redlands.

Mining Man Guest.
Alex McLarin, superintendent of the Great Gold Belt mine, is the guest for a few days of Mr. and Mrs. L. I. Plummer.

Box Party.
Mr. and Mrs. George Luke Remington gave a box party at the Belasco Theater followed by supper at Levy's. The affair was in honor of Mrs. Frederick Perkins, wife of Maj. Perkins, U.S.A., who has just returned from the Philippines. Pink and white sweet peas and fern rested in the center of the table. Silver candelabra with green shades were placed at each end.

Whist Club.
Mrs. Frank E. Young had as guests members of the Golden West Whist Club, who had entertained at her new home on Hollenbeck terrace. The prizes were won by Mrs. J. N. White, Mrs. C. A. Graves and Mrs. Frank Daux. Other present were Mrs. H. Mead, Mrs. B. Bradley, Mrs. George B. Walrath, Mrs. Minna Young, Mrs. C. Baxter, Mrs. Thomas Van Pelt, Mrs. H. C. Fortier, Mrs. O. J. Perry, Mrs. Frank Mason, Mrs. M. Myers, Mrs. F. J. Young, Mrs. J. Huverstahl and Mrs. Frederick L. Goldsborough.

Birthday Party.
Complimentary to Miss Leta Liday, a number of friends entertained with a birthday party recently at Hotel Touraine. A musical programme was enjoyed by Mr. and Mrs. L. Liday, Mr. and Mrs. C. E. Grove, Mr. and Mrs. H. Schwartz, Mrs. T. Walker, Mrs. F. Briggs, Mrs. F. Johnson, Mr. and Mrs. J. Overstreet, Mrs. J. Gage, Mrs. T. Seyben, Mr. and Mrs. E. Bust, Mrs. Burck, Mrs. H. S. Killman, Miss E. Banks, Mrs. Carroll, Miss Katherine Carroll, Miss Clara Carroll, Miss L. Burgess, Miss Mary Kendall, Mrs. Gertrude Schwarz, Dale Jeffries, F. True, M. Eaton, Clarence Eichenhofer, Wm. Eichenhofer, C. Chittenden, Mr. Ford, Louis Bickelhaut, Miss Mabel Slater and C. F. Schwarz.

At Hotel Paso Robles.
Mr. and Mrs. H. Clay Broden, Mrs. C. A. Moody, Miss Moody, Mrs. H. C. Burmister, Mrs. Walter Scott Newhall, Mr. and Mrs. C. F. Perry, Mr. and Mrs. Edward G. Kuter and Mr. and Mrs. Walter E. Dickey are among the Angelenos visiting at Paso Robles Hot Springs.

Mrs. Hillman Hostess.
Mrs. R. P. Hillman, No. 2830 Romeo street, entertained members of the Halcion Whist Club at the last meeting. Prizes fell to Mrs. Richard Greenhow and Mrs. Frederick L. Goldsborough. Other members present were Mrs. George Raynor, Mrs. Clarence Stone, Mrs. Louise Magruder, Mrs. Thomas Milburn, Mrs. Bertrand Richardson, Mrs. Clarence Raynor, Mrs. Fred S. Warner, Mrs. Harry A. Miles, Mrs. Charles E. Morris, Mrs. B. Brakehill, Mrs. Elizabeth Wheeler, Mrs. Pierce and Mrs. Whitell.

Society Interested.
Society is interested in the tennis tournament to be held on the courts of the Mt. Washington Hotel, the Pacific States Lawn Tennis Association Saturday and Monday next. Among some of the well-known players will be Miss Mary Browne of this city, Miss Hazel Hotchkiss of Berkeley, Miss May Sutton, Miss Florence Sutton, Mrs. B. O. Bruce, Miss Alice Scott, Miss Gilda Myer, Claude Wayne, Alphonso E. Bell, Maurice E. McLoughlin, Thomas C. Bundy, Dr. Sumner Hardy, Nat. B. Brown, Charles B. Hopper, Eugene Overton, Lewis R. Freeman, Ward Dawson, Winfred Wallace, Harry Rogers, O. J. Sallabury, Simpson M. Sinabau, R. H. F. Valrie, Jr., and Charles Rogers. On Saturday evening a dancing party will be given for the players and friends.

Guest of Relatives.
Charles Gibbs Adams of San Francisco is visiting friends and relatives in Southern California.

Dinner Party.
Mrs. N. F. Stokes of West Twenty-eighth street entertained several friends at a dinner party given in celebration of her birthday anniversary.

To Visit Brother.
Miss Lucy Edith Tebbetts of South Grand avenue left last week for Melrose, Ariz., where she will visit her brother, Dr. John H. Tebbetts.

Left Yesterday.
Mr. and Mrs. Phillip Forve of No. 427 South Westlake avenue left yesterday for Wilkesbarre, Pa., where they go on account of the death of Mrs. Forve's brother, George E. Forve, who died while touring Europe in search of health.

Wooden Weddings.
Mr. and Mrs. George L. McIntire of No. 320 South Alvarado street celebrated their wooden wedding anniversary last week. The lower floor was decorated with wood shavings. The guests were: Mr. and Mrs. L. K. Daniel, Mr. and Mrs. George T. Hackley, Mr. and Mrs. M. J. Hutchinson, Mr. and Mrs. B. A. Holmes, Jr., Mr. and Mrs. A. G. Frubling, Mr. and Mrs. M. E. Johnson, Mr. and Mrs. Arthur Mortimer, Mr. and Mrs. E. A.

Rowe, Mr. and Mrs. Frank Ryan, Mr. and Mrs. R. Schroeder, Mr. and Mrs. George Steckel, Mr. and Mrs. Walter E. Wheeler, Mr. and Mrs. Walter Wren, Mr. and Mrs. O. H. Wilson, Dr. W. E. Neel, Miss Ritchie and Miss Collins.

To Wed.
Miss Pearl Smith of Pomona will be married this evening to Dr. F. F. Clair, the service to be solemnized in the Woman's Clubhouse, where elaborate appointments will be arranged. Miss Smith will be attended by little Ora Miller as flower girl and Halstead Pembroke, Jr., will carry the ring. Rev. Carey will read the service and the music will be in charge of Mrs. H. M. Pembroke. After June 15 Dr. Clair and his bride will be at home to friends at No. 1700 East Twenty-second street.

Luncheon Yesterday.
The Rev. Dr. and Mrs. Arthur S. Phelps entertained with luncheon yesterday in honor of President Arthur T. Hadley of Yale University. Covers were laid for Miss Florence House, Morris Hadley, Laura Hadley, Celeste Phelps and Dryden L. Phelps. Pink and white La France roses were used to adorn the table. Last evening members of the Yale Club entertained with a banquet for President Hadley at the Washington Hotel. Dr. Phelps was toastmaster.

Engagement Announcement.
Mrs. Michael Gillick of No. 218 North La Brea avenue, Hollywood, announces the engagement and approaching wedding of her daughter, Miss Stella Austin, to Dr. George Stuart Handy of Natchez, Miss. The wedding will take place June 8 at the home of the bride-elect's sister, Mrs. Frank H. Jones of Jackson, Miss.

Moonlight Picnic.
In honor of the birthday anniversary of Miss Alice Manthey, a moonlight picnic was enjoyed last evening at Echo Park. Boating and games were the features and were enjoyed by the Misses Merle Russell, Eva Miller, Alice Manthey, Hazel McClelland and Leah Robinson, and the Messrs. Roger Scott, Edgar Peterson, Dick Case and Maurice Gifford.

To Tour Europe.
Mr. and Mrs. J. O. Davidson, Miss Oakley Davidson and J. O. Davidson, Jr., of Hotel Van Nuy, will leave Los Angeles Sunday on an extended tour through Europe, under the auspices of the steamship department, German-American Savings Bank. They will sail from New York on the steamship Campana, arriving at Queenstown from whence they will automobile through Ireland, Scotland, England, France, Germany and other parts of Europe.

PERSONAL.

S. E. Beck, a lumber dealer of Vancouver, with his wife, is at the Lankershim.

A. Rammie, a San Francisco manufacturer of woolen goods, is staying at the Hollenbeck.

George P. Hulst, who has mining interests near Phoenix, is registered at the Van Nuy.

N. D. Cochran, editor of the News-Bee, Toledo, accompanied by his wife, is a recent arrival at the Alexandria.

W. E. Hawkins, a merchant of Las Vegas, is passing a few days at the Nadeau.

F. C. Newton, of the Newton Publishing Company, Toledo, is registered at the Hayward.

William D. Squires, a rubber goods manufacturer of San Francisco, is a guest at the Hollenbeck.

M. E. Sullivan, a real estate operator of San Diego, is staying at the Angelus while in the city.

W. D. Mann, a manufacturer of toys of Franklin, Mass., is sojourning at the Hayward.

Wiley Hoke and wife of Chicago are guests at the Hollenbeck. Mr. Hoke is a tea and coffee dealer.

H. L. Johns, of the Johns Brothers' company, registered at the Hollenbeck.

Warren S. Dorran and **Andrew W. Porter** of Philadelphia are at the Alexandria. They are oil operators.

Lea H. Palmer, president of the Galena Signal Oil Company of Kansas City, is registered at the Hollenbeck.

Stafford Hamm, who is interested in mines located near Moria, Mex., is a recent arrival at the Lankershim.

D. D. Duhamel, a cattle raiser of Bismarck, S. D., is at the Lankershim. His wife is with him.

George R. Mohr, a dealer in real estate and securities, is registered at the Hollenbeck from Chicago.

John Reynolds, who has large interests in oil lands around Bakersfield, is passing a few days at the Van Nuy.

Walter LeRoy and wife of San Francisco, are among the late arrivals at the Angelus. Mr. LeRoy is a real estate operator.

A. G. Schlessner, who is on an orienting cruise, writes from Cairo that he will be glad to return to Los Angeles next month, the tropical heat being intense.

Ellsworth Huntington of London and G. Sykes of Tucson, Ariz., are guests at the Lankershim. Mr. Huntington has been the guest of Mr. Sykes on his big Arizona ranch.

Sherman D. Thatcher, George Thatcher and Burton P. Twining of Glendale, are guests at the Alexandria. The Thatchers are at the head of the Thatcher Military Academy.

Dr. S. L. Lira and wife and M. P. Brach and wife form a party of San Francisco people at the Hayward. Dr. Brach is a dentist and with the others of the party has been spending a few weeks at Catalina.

L. A. Barrett is registered at the Van Nuy from Washington. He is connected with the forest service. Mr. and Mrs. E. W. Lawton and their daughter, Miss Carolyn, are registered from Chicago at the same hotel.

Peter Sandival and wife and Miss Dolores Rodriguez of Sonora form a party of tourist guests at the Lankershim. Mr. Sandival is owner of a large land grant in the southern republic.

MAY DISMISS CHARGE.

Realty Man, Recently Assaulted, declares Trouble Did Not Result from an Alleged Debt.

The charge of battery against J. M. Flowers, a realty dealer, will probably be dismissed by Justice Ling, at the request of the District Attorney. The complainant, E. A. Briggs, was recently sentenced to serve six months in the County Jail for having beaten the real estate man.

Flowers denies that the assault which Briggs made on him was based on a debt as he says that he did not owe him anything. He declares that it was an unwarranted attack.

"All the trouble I have ever had in my life is twice before, when I was employed and members of a labor union, when I defended myself, and was later operated by a jury in the Police Court," he stated yesterday.

INDIGNANT.
ASSERTS ARREST DUE TO SPITE.

BUSINESS MAN CHARGED WITH EMBEZZLEMENT.

President of Clock Company Taken Into Custody at the Request of Fresno Sheriff, Declares He Has Affidavits That Will Make Trouble for Another Person.

Fred E. Windsor, a Shriner, an Elk, a former army officer and now president of the One Hand Clock Company, with offices on South Broadway, was arrested by a Deputy Sheriff yesterday on telegraphic advice of the Sheriff at Fresno. He is charged with embezzlement. Windsor's brother is said to be in jail in the northern city on a similar charge. The officers here have not learned the details in either case.

Windsor was not placed in a cell when taken to the County Jail, but through Eugene, under the auspices of the steamship department, German-American Savings Bank. They will sail from New York on the steamship Campana, arriving at Queenstown from whence they will automobile through Ireland, Scotland, England, France, Germany and other parts of Europe.

SPARROW WAR CONTINUES.
Secretary of Audubon Society Urges Southern California Supervisors to Keep Up Fight.

The war on English sparrows, which was begun more than a year ago in this county, will be kept up, according to a resolution of the Board of Supervisors passed yesterday.

Mrs. Harriet W. Myers, secretary of the Audubon Society of Southern California, wrote to the Supervisors, encouraging them to not stop the fight against the pests. They instructed the Secretary to write to each Board of Supervisors south of the Tehachas asking them to appropriate funds for exterminating the sparrows.

Couldn't Imitate the Goods So They Copied the Name

That's what some manufacturers have done in their anxiety to get some of this business our Ground Chocolate has created.

They tried their best to imitate the goods, tried to make a product which would compare with ours for deliciousness, convenience, purity and wholesomeness, and failing in that they have resorted to the ruse of using the name Ground Chocolate which we have used exclusively since 1875.

They expected to fool the housewife in a hurry at the market; thought she might take an imitation.

But you need not be fooled. Just read the label and see that it bears the name of Ghirardelli. That will assure you getting the original and genuine, perfect Ground Chocolate.

D. GHIRARDELLI CO.

Since 1855.

Cottolene is Guaranteed Fresh or Your Money Refunded

Cottolene is always fresh. Why? Because we pack it in air-tight, friction-cover pails, which preserve its freshness and prevent it from absorbing dirt, dust and contaminating odors. Your grocer will refund your money if you find Cottolene other than fresh and satisfactory.

The woods are full of imitations of Cottolene, which depend for their existence on the reputation of Cottolene. These imitations are not only of inferior quality, but are packed in tins with ordinary removable covers, which offer little protection to the product.

A woman should be willing to pay a little more for a pail of Cottolene, because of its superior quality and the fact that, being richer, it will go one-third farther. Its use means economy in the end.

There is but one high-grade, absolutely pure and perfect cooking fat—Cottolene.

There is but one Cottolene—we make it.

From Cottonfield to Kitchen—Human Hands Never Touch the Oil From Which Cottolene is Made

LITTLE SUFFER FROM CUTICURA

Grew Worse in Spite of Efforts of Ablest Treatment—Finally Broken—Fits Hands Masses of Oozing Crusts

A SINGLE SET OF CUTICURA CURED

"I feel it my duty to tell you that I have been cured of my skin disease by the use of CUTICURA. I have been suffering from it for years, and have tried every treatment known to man, but nothing would cure me except CUTICURA. I have now a clear, healthy skin, and I am able to do my work as usual. I am very grateful to you for the good you have done for me."

Write for a free trial of CUTICURA. It will cure you of your skin disease, and you will be able to do your work as usual. I am very grateful to you for the good you have done for me."

EXHIBIT IS BEWILDERING.

Stationary Engineers Have Large Display.

Annual State Convention to Open Today.

Mayor and Association Men Make Addresses.

Not one of the largest, but the most complete, attractive and interesting exhibit of its kind ever seen in Los Angeles.

Maze of Machinery in the Complete Exhibit Here, which opened last night in the Hamburger building, under direction of the California State organization of the National Association of Stationary Engineers, and a few of the men interested.

Los Angeles opened last night on the fourth floor of the Hamburger building, under the direction of the California State organization of the National Association of Stationary Engineers.

The exhibit is one place in which the engineers have proved that they are not stationary as far as progress is concerned. They have arranged an exhibit of machinery, tools, oil and other accessories, in a manner interesting not only to the engineers but to the general public as well.

The large floor space is covered by a hundred booths, only two of which were unoccupied when the exhibit was thrown open yesterday afternoon to the view of engineers from all parts of the State, who are here to attend the annual convention, which opens this morning in the banquet hall of the Angelus Hotel.

A glittering array of electrical fireworks bursts upon the vision upon entering the hall. Long strands of fire hide the wires, which are carried in arches from one end of the long hall to the other. The booths contain so many kinds of engines, tools, lights and fixtures that the visitor's head is liable to spin with bewilderment.

ATTRACTIVE DISPLAYS.

Several of the displays are particularly worthy of note. The Fairbanks-Morse & Co. has a complete pumping plant in operation. A gas engine furnishing the power for making electricity. A number of armatures, motors, generators and other appliances are scattered about the double booth of this company.

Near by fountain plays unceasingly. The Byron-Jackson Iron Works has placed it in operation. One of the smaller exhibits, which attracts much attention of the engineers, is that of the Sievert Oil Burner Company, a local manufacturing concern, which is demonstrating an oil burner, now in use in many furnaces in this city. Invented by a Los Angeles man and used where oil is used largely as fuel, it is popular with California engineers.

The Chamber of Commerce exhibit is of the usual excellence. Choice fruits from the surrounding country are displayed, and free samples and descriptive literature are handed out.

Fire bricks of many kinds and sizes make up the display of the Pacific Clay Manufacturing Company. The Union Well Supply Company has one of the large exhibits, which consists of hose, belting, lubricating oil, packing, valves, drills and other appliances.

A complete automatic telephone system has been installed by the Home Telephone Company. There are several demonstrators on hand to show the mechanism. The Braun Chemical Company has a pretty display of chemicals used in refining oil, in mining and in making operations and in other work interesting to engineers and mechanics. The Axelson Machine Company is drawing much of attention by its such-

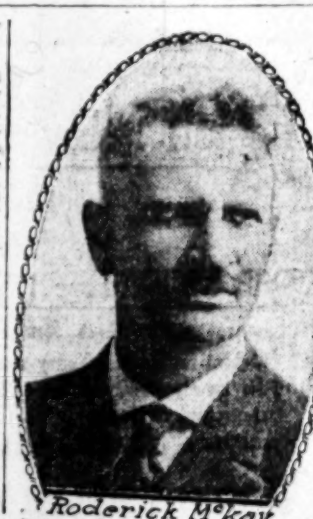

er rod catcher. Other oil well accessories are also shown here.

BELTING DISPLAY.

Rubber, rawhide, leather, canvas and other kinds of belting are displayed by the J. B. Coffey Belting Company. Metal hose is shown in many different styles by the U. S. Flexible-Metallic Tubing Company. The Bowers Rubber Company is interesting many by an exhibit of hose, valves, belts and packing. There are numerous other booths, each holding its share of interest for the public which is invited to attend free of charge.

A band of twelve pieces furnishes music. An information bureau in charge of a competent clerk is one of the features. Publicity booths have been established.

Fred J. Fisher, past national president, opened the exhibit to the public. He spoke briefly, and introduced Mayor Alexander. The Mayor told of the benefit derived from any educational exhibit and said that it is the spirit of Los Angeles to educate in all lines. J. N. Pyster, State president, responded to the Mayor's address. He declared that the organization will not be used for the furtherance of strikes, nor will it interfere in controversies between its

Roderick McKay, mechanical contractor, Los Angeles Association.

Charles Knight, engineer, state president.

A. M. Woods, business agent of exhibit.

SEPARATES HOLD-UP TRIO.

Deputy Sheriff Believing He Is Gang's Intended Victim Stops Game on Street Car.

According to Deputy Sheriff J. C. Barbanell, who lives at East Twelfth street and Maple avenue, there is a trio of disappointed hold-up men in Los Angeles. He reports that while returning home on a late Central-avenue car Sunday evening he noticed three men sitting behind him. From their action he decided that they intended to rob him, so instead of waiting to be held up he held them up and forced each one to leave the car at a distance several blocks from the point where the last had alighted.

"I was returning home from town," said Barbanell, "and was sitting in the front seat in the rear part of the car. The three men were seated behind me. I could see their reflections in the window in front of me, and could see that they were whispering together and pointing at me. Finally they began to edge up toward me. They changed their positions from the last to the middle seat. I heard one of them say, 'All right, fellows, get ready.' 'I didn't wait, but pulled my gun and turned quickly. Stick up your hands, you can't work that game here, I told them, and they obeyed.' 'You, I said to one of them, 'get off here.' He did so. The other two started to leave the car, but I made them wait, and leave at points widely separated."

FULLERTON.

FULLERTON, May 23.—The Lincoln-Roosevelt Republican League candidates addressed a small crowd at Bank Hall tonight. Among the speakers were Hiram W. Johnson, candidate for Governor; A. J. Wallace, candidate for Lieutenant-Governor; John D. Works, candidate for United States Senator; Florence J. O'Brien, candidate for Secretary of State. This meeting was the windup of a day's campaign made over the entire county, visiting nine cities en route. In addition to the above speakers, Judge Frank Oster of San Bernardino addressed the meeting.

BRACES GIVE WAY.

Two Men Working on Eighth Floor of New Building Are Injured.

Two men were slightly injured yesterday afternoon while working in the new Consolidated Realty building at the southwest corner of Sixth and Hill streets, when braces gave way on the ninth floor and partially buried them in a shower of debris and cement.

E. G. Trumbull, a carpenter, and Lester Allen, his helper, were severely shaken up in the accident. Trumbull sustained a broken nose and cuts and abrasions which were treated at the Receiving Hospital. Allen had his wounds dressed at his home.

No reason for the falling of the supports has been given but an inquiry will be made today. The injured men were working on the eighth floor directly under the part of the upper story which caved in. Heavy beams narrowly missed them.

BRISTOL PIER CHANGE.

Bristol Pier, with its café, dining-rooms, automobile sheds and equipment, has passed into the hands of Harvey S. Winger, an eastern man who has handled Madison Square Garden, New York, and other pretentious institutions. He will open the pier with a programme next Saturday afternoon. The improvements, installed cover not only the great dining-room, with its uninterrupted view of the ocean on all sides, but also each other building of the group. Mr. Winger also has made preparations to care for all auto parties who may desire to roll down the long, paved pier to their destination, 1100 feet from the shore line. All machines will be cared for free of charge. An expert mechanic will handle this department. Bristol Pier Café hereafter will be open throughout the day and evening.

MESSAGES TO COLONIES.

King George Sends Greetings to Possessions on Empire Day Anniversary.

[ASSOCIATED PRESS NIGHT REPORT.] LONDON, May 23.—On the occasion of the anniversary of Empire Day, King George has issued two gracious messages to the colonies and to India, somewhat similar in style to the message he addressed yesterday to the nation. In both, he refers to his previous tours through the respective dominions, promises to follow in his father's footsteps to uphold constitutional government, to safeguard the liberties of the colonial empire, and to devote himself to the well-being of the Indian people.

With reference to the rumors that it is the intention of Queen Mother Alexandra to reside in Denmark, a court circular announces that Alexandra will always look upon England as her home.

RHEUMATISM CANNOT EXIST

In the human body. It's absurd, ridiculous and impossible. In fact, it is a pig and a shame to allow anyone to suffer with Rheumatism or Gout in any form when you can get Trunk's Prescription for Rheumatism and Gout for \$1.50, or six Prescriptions for \$7.50. It absolutely and completely removes all forms of Rheumatism from the system, more delay and waste. For sale by O. F. Vaughan Drug Co., 255 So. Spring St. Mail orders solicited.

MANLY SPARK.

(Continued From First Page.)

whole, Jack, don't you think it would be a wise move to give yourself up, come back to Chicago, serve out your term, which couldn't be possibly more than a couple of years, and maybe less; take a fresh start in life and prove to your people and those who love you most, that you can yet be a man and make us all proud of you? You can't stand to be out of this part of the world forever. You can't live in seclusion always.

"I can't express on paper how I feel for you, Jack. My heart aches for you. Would to God that I was rich and could pay your debts and set you right with the world once more! Where, on where is the little boy I used to tell to me when I was sixteen years old!

"Another thing. Don't you realize what a bitter disappointment you have been to your family? Why, boy, you are breaking your poor old mother's heart. Slowly but surely you are sending her to the grave. Her suffering and worrying over you is killing her. God, boy, have you no heart? I don't mean to dictate to you, but you must remember that she is your mother and you owe her more than any one in the whole world. Can't you afford to suffer a year or so for her sake? I know she would rather see you here behind the

Max H. Rubenstein.

Chicago gambler, who surrendered to the Los Angeles police on receipt of a remarkable letter from his sweetheart. She urges him to pay the penalty and promises to wait for him.

bars than to know that you are roaming about the world and fearing lest you should get into greater trouble. "Come back to Chicago, and when your time is up, if you still love this little girl, we will be happy yet. I see your brother quite often, but do not tell him anything, although he is very anxious to hear from you. If you want to write to him on the Q.T., address to me, an inside envelope to him and I will deliver it. Everything you tell to me is safe, old pal, with me. I shall tell no one anything.

"I am planning to leave Chicago for Seattle, Wash., in a couple of months, where I shall continue my studies on the piano for another year at least. The manager of the Savoy has taken a great fancy to me, and I expect to play for him when I return here. I shall receive \$40 per week. Won't that be great? Just think how much happier we can be than if I would come to you now. Consider, Jack, don't what I say worth a second thought?

"My dad is thinking very seriously of buying 220 acres in Middleton, Cal., 85 miles north of San Francisco. The whole family will go out there to live, brothers, sister-in-laws, kids, and all, if I am living at home now, but address my mail to the same place you have been, as I think that is safer to you. Please think seriously of what I have said, Max, and let me hear from you as soon as possible, for I long for you and find much consolation in your letters.

"Yours lovingly, "A first name only is signed to the letter, and when Rubenstein gave himself up, he asked Capt. Dixon to keep the girl's name secret. "How is this name, which is all you know, is too dear to me to have it bandied about by newspapers. I know how the boys do it, for I was once in the game," said the prisoner, as he listened wistfully to the sound of clicking typewriters across the hall.

HONORS ARE SATISFIED.

Two Frenchmen Fight Third Duel and Each Is Wounded, But Not Fatally.

[ASSOCIATED PRESS DAY REPORT.] PARIS, May 23.—Count Ismael de Lesseps and Count Just de Poligny fought their third duel today and this time each received a bullet wound. At the second exchange De Lesseps's shot struck the barrel of De Poligny's pistol, and ricocheting, caused a flesh wound in the latter's arm. At the same moment De Lesseps fell, shot through the thigh. He was removed to a hospital, where it was found that the ball had just missed the femoral artery. The wound is not fatal. De Lesseps is a son of Count Ferdinand De Lesseps and an officer of a cavalry regiment. Some weeks ago he quarreled with De Poligny at the circus and blows were exchanged.

Mr. Jacob Cooper, of Baldwinville, N. Y., was killed and his wife injured there late Sunday night, when the carriage in which they were riding was thrown against a telegraph pole. The horse was frightened by an automobile.

Hair Story

Is this your sad story? "My hair is falling out terribly, and what is left is rough and thin. Now listen to our glad story: 'Ayer's Hair Vigor promptly stops falling hair, destroys dandruff, keeps the scalp healthy.'"

Does not Color the Hair

We publish the ingredients of Ayer's Hair Vigor. Your doctor will advise you accordingly. Then follow his advice.

"HOME BUILDERS" dividends are paid in cash, 4 per cent every three months and are paid from its interest and building profits, not from the sale of stock or the premium thereon.

"HOME BUILDERS" stock is now earning a 16 per cent dividend on par—which is nearly 9 per cent on the money in at \$1.55 per share.

This is a gift-edge earner—the profits from increase value above the \$1.55 the next year will make a handsome profit as well.

STORE MANAGERS MAY OUTLET SALE

While This Undermuslin Sale Spells Economy

Time to consider one's undermuslin needs; when your whole summer outfit is procurable at very low prices, and when distinctive styles that cannot be duplicated during the summer are here for the taking.

Undermuslins are styles that have served as display samples during previous sales—and frankly, they are a bit tumbled, but they are fresh in appearance as they originally were, however, not one garment is injured except as to present beauty.

The Presentment of the City's interesting happenings in Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

ONLY ONE TILT ENLIVENED IT.

BOARD OF TRADE MEETING IS BEREFT OF SPASMS.

Harmony and Good Fellowship Reign Safe for Minute During Which Simons and Toole Exchange Compliments — Stand-Paters Elect Their Men to Directorate.

Office of The Times, No. 28 S. Raymond Ave.

PASADENA, May 24.—Harmony and good fellowship reigned supreme at the annual meeting of the Board of Trade at the Hotel Maryland last night. The anticipated clash between supposed factions did not come and at the conclusion of the interesting meeting every one was in good spirits and pleased with the turn of affairs.

The much advertised report of the committee appointed to investigate the proposed Pasadena Rapid Transit Company was the principal feature which consumed the attention of the members present. In view of number and interest the meeting last night was the best in the history of the organization.

The long committee report was read by the secretary and on completion H. A. Toole moved its adoption and the committee reported. The motion was carried by a large vote.

George P. Cary, chairman of the committee, made a careful explanation of the work of the committee in gathering data upon which to base the report. He was followed by George F. Kernighan, a member of the committee, who explained the balance to make minute examinations into the workings of the Rapid Transit Company. He stated that officials of the company have said that if certain conditions are met by the board of trade it can be built at a 5-cent fare. He added that reports made by the management of the old Pasadena-Los Angeles Electric Railway declared that a line between Pasadena and Los Angeles can operate and make money on a 5-cent fare. He asserted that the Pacific Electric Company can operate and make money on that basis as well as the new proposed Pasadena Rapid Transit Company, that better and cheaper transportation facilities would mean great benefits for Pasadena and the proposed line, stating that the price of real estate in the city will increase with the advent of the line.

E. H. Lockwood followed with a short, crisp speech, saying that he is not in favor of the Board of Trade endorsing the proposed road in toto because most of the people do not thoroughly understand it. As proposed, the new line seems all right, but he did not understand it well enough to be willing for the Board of Trade to go on record as endorsing and recommending that people buy stock. He advised caution and conservatism. His speech was greeted with great applause, showing that the members who call themselves the "stand-paters" were greatly in the majority.

Seward A. Simons enlivened the new company. He said that the proposed road built as it would be a benefit to the city. Then he criticized the methods used by the officials of the company, stating that the Board of Trade has already fully investigated the proposition and that is about as far as it can go. If the road can be built and operated successfully on a 5-cent fare and the officials are confident of its merits there should be no trouble, said he, in securing the money to do it. It is not within the province of the Board of Trade to take care of that end.

During the speech A. J. Toole jumped up and objected to a continuation on the ground that Simons was representing Mr. Huntington in the meeting. After tilt which was the only show of feeling in the meeting, Simons proceeded.

W. W. Ogier offered a substitute amendment to the original motion. On request of George P. Cary he accepted an amendment which, as passed unanimously, was: "Whereas, we believe it is not the right policy for this Board of Trade to endorse the financial standing of any private corporation or encourage the sale of the stock in any corporation, therefore, be it resolved, that while we believe the building of an additional electric road between Pasadena and Los Angeles would be greatly to the advantage of this city, we do not feel justified in taking formal action regarding the financing of any corporation; and of which it is the only show of feeling in the meeting, Simons proceeded.

The passage of the resolution showed that the conservative wing was greatly in excess. The partisans of the Rapid Transit Committee made no opposition, if any was contemplated. The election of the directors then proceeded with great harmony and the rumored opposition slate was not nominated. The directors were elected strictly in accordance with the slate outlined at the preliminary meeting held on Sunday night. Here H. A. Toole, William Thum, Harry Goehagan, C. D. Daggett, Dr. F. C. E. Mattison, L. H. Turner, R. D. Davis, E. H. Greenendyke.

A communication was read from a committee of school teachers asking the board for an increase in salaries. The communication was received and placed on file without further action. The report of the Committee on the Board of Trade is that during the past year much has been accomplished. It pointed out that much good has been done in getting the Pacific Electric Company to grant better service to Pasadena; that committees have been appointed to work on the proposed Colorado street bridge; to look into the proposition of buying the City of Melita playgrounds by the city, and to confer with South Pasadena and Alhambra for the best interests of the three cities.

Secretary Bertonneau's report showed the organization to be in an excellent financial condition. The total membership is 902 and 190 new members have been added during the past year. Total receipts for the year were \$2713.52; expenditures, \$2394.74, leaving a balance on hand of \$3123.78. The total assets of the board are \$1913.78.

THROOP ELECTION. Yesterday's election of officers by the Associated Student Body of the Academic Demonstration of the Pasadena High School was a fight between the members of the various fraternities and sororities on one side and the anti-frat students on the other side. The two tickets were in the field for some time and the election was fast and furious. Out of 205 students in the academy there were 201 votes cast. Seventeen students were elected for various offices, and out of that number the anti-frat secured eight and the frat nine. The fraternity representatives secured the most important offices which virtually gives them control of the student body for another year. Those elected are Raymond Call,

president (Masquerader); Minnie Haase, vice-president (Phi Alpha Sigma); Joseph Wadsworth, secretary (Masquerader); Ralph Simpson, treasurer (Delta Sigma Nu); Joseph Beck, editor of "Polytechnic" (anti-frat); Marguerite Bowen, representative of the athletes (anti-sorority); Paul Jewell, debating representative (anti-frat); Paul Leroy Compton, manager of "Polytechnic" (anti-frat); Howard Wright, manager of track (anti-frat); Julius Schaezel, manager boy's basketball (Delta Sigma Nu); Clifford Hard, manager tennis (Delta Sigma Nu); Harold Gleason, Richard Bard, Percy Green, Auditing Committee (anti-frat); Norman Lombard, yell leader (Masquerader).

While the campaign was spirited and the friends of each candidate worked hard for his success, it was a friendly rivalry and when the results were announced the defeated candidates took their loss good-naturedly and agreed to abide by the decision of the majority. The first to extend congratulations to the winners were the defeated candidates.

DANGEROUSLY ILL. Charles E. Fredericks, president of the Los Angeles Furniture Company, who lives with his wife and two children at No. 1301 Summit street, is dangerously ill from septic appendicitis. He was taken sick very suddenly a week ago Sunday and since then he has been in the hospital.

The police commissioners met yesterday afternoon, and appointed John W. McCormick and L. Willis Colby members of the force, to fill the places made vacant by the resignations of Robert Pierce and the retiring Commissioner J. V. Elliot made his initial appearance at the meeting yesterday.

Bennie Craig, 12 years old, living with his parents on Hammond street, where his father runs a grocery store, took a ride on his bicycle yesterday morning to take a ride out in the country on his new bicycle and enjoy the beautiful weather. He was riding on a main highway and on an unimproved road. He was riding on a main highway and on an unimproved road. He was riding on a main highway and on an unimproved road.

The North Pasadena Land and Water Company has completed laying a new water main from the mountains to its reservoir, which has increased the supply very materially. The company is now operating its pumps, and the water is being distributed to the citizens.

The Citizens' League, composed of residents of the "dry tract," held a meeting and election of officers last night at the home of Charles Ulrich on Evert street. It received a report from the attorney who is handling the case, stating that the Board of Trade and Water Company, stating that the case has been set for June 21.

Phelps for wall paper and paint. Hotel Vista del Arroyo, New annex. Bungalows. Unexceptionable environment. Pasadena.

Artists' materials at Wadsworth's. Indian baskets with cover for work-baskets. Wilgum, 61 N. Euclid.

Hotel Maryland and Maryland bungalows will remain open all summer.

PLOW AROUND FORESTS. Fire Breaks from Santa Anita to Monrovia Canyon Are Being Cleared by Ragers.

MONROVIA, May 22.—As a rancher plows a fire guard around his hay fields, so Federal rangers are putting a barrier of rags and brush around the forests on the watersheds of the Sierra Madre range. From Santa Anita to Monrovia Canyon the thirty-foot fire break, cleared along the crest of the front hills, will be a barrier to the flow of water such as has been found at other points in the neighborhood.

WORK FOR BONDS. The municipal band has returned home after a week's tour of the interior, where it gave free concerts and advertised Long Beach—a summer resort. The band was led by San Bernardino and scored a hit. The Centennial officials presented Director appropriately, Saturday night.

At the corner of Tenth street and American avenue, the automobile of a Pacific Electric car coming south, struck an auto in which were Rev. Will A. Betts and wife. The auto was wrecked, but the occupants escaped with bruises.

The Pacific Electric line from Wilmette avenue to the Arroyo Seco, has crossed the Southern Pacific tracks and is being laid to Long Beach as fast as the rails can be put down. A big piece was laid yesterday.

A twelve-inch well is being sunk on the bridge over the Arroyo Seco, in the hope of striking a plentiful flow of water such as has been found at other points in the neighborhood.

LEGAL ADVICE TO BE HEEDED.

LONG BEACH COUNCIL LISTENS TO ATTORNEY-GENERAL.

Won't Be in Hurry to Bring Suit Regarding Ocean Accretions Until Similar Suits Now Pending Are Disposed of—High School Site Question to Come Up Today.

LONG BEACH, May 23.—A caution from Atty-Gen. Webb in the matter of stirring up trouble over title of the beach front will probably be heeded by the City Council. Some time ago a concessionaire sought a lease from the city of ocean frontage from high tide line which the city was unwilling to grant. The latter said he had been in the investigation that followed it developed that certain ocean accretions appeared to be claimed by corporation shown on an "Archer" doctor's map. Supreme Court decision in an Oakland case it was held that accretions belonged to the State for the use of the people. Council then ordered the city engineer to make a map of the beach and establish lines according to the old official maps, which is now in progress.

Last week, while attending the Pythian Grand Lodge City Attorney Long went to Sacramento where he interviewed Atty-Gen. Webb regarding the ownership of the lands and ocean accretions. The latter said he had been called upon by all the beach towns on the coast for an opinion on the same question. He said the matter was finally settled and advised Long Beach to go slowly in its movement to establish certain lines along the waterfront and similar cases have been passed upon by the higher courts.

ABANDONS SHOW BUSINESS. Roy Clayton, aged 9, was much impressed by the past week's trial of the case of the "Archer" doctor's map. He decided to try the game himself. He took a hole in a tent and invited his companions to try their luck. Pieces of broken concrete were used as missiles, and the second shot caught Clayton in the eye. He howled and the throwers vanished. Clayton was taken to the hospital and is now recovering.

The board of education will meet tomorrow afternoon to decide upon the site for the Polytechnic High School. It is understood several of the offers will be revised and lower prices quoted. Three members of the board are said to favor the 124 acres offered by F. D. Brown on California street, for \$30,000.

Considerable curiosity has been aroused the past two days by the presence of a large schooner-ripped vessel which was seen in the harbor on Saturday and is still there. Today it was learned that the boat is the Jesse Fremont, Capt. A. S. Williams, who is a resident of Long Beach. He is a fisherman and is out on a two months' fishing cruise on the Cortez fishing banks off San Nicolas Island.

BAND SCORES HIT. The municipal band has returned home after a week's tour of the interior, where it gave free concerts and advertised Long Beach—a summer resort. The band was led by San Bernardino and scored a hit. The Centennial officials presented Director appropriately, Saturday night.

At the corner of Tenth street and American avenue, the automobile of a Pacific Electric car coming south, struck an auto in which were Rev. Will A. Betts and wife. The auto was wrecked, but the occupants escaped with bruises.

George Figueroa, who is accused of murdering his bride during honeymoon at Santa Monica but who says she shot herself.

SLAIN DURING THE HONEYMOON.

OIL DRILLER ACCUSED OF THE MURDER OF BRIDE.

Prepossessing American Girl of Nineteen Who Wedded Sullen Man of Mexican Descent Is Fatally Shot After Quarrel at Santa Monica. Husband Denies Committing Crime.

SANTA MONICA, May 23.—At 10:30 tomorrow morning the coroner and a jury will make an official inquiry into the death of Mrs. Sarah Figueroa, a beautiful nineteen-year-old girl who was shot to death by her husband, George Figueroa, an oil driller, shortly before noon today as the result of a pistol shot wound. Shortly before midnight a 32-caliber ball ploughed into her forehead and she lay for several hours on the right side. She was unconscious when she was picked up in the room of the cottage where she lived, at No. 2608 South Fourth street, and passed away.

The class teachers are Misses Mettiff and Foster. The class members include the following: Paul Adams, Elmer Becker, Ralph Brubaker, Harry Clark, Alexander Davis, Thomas Dills, Roger Evans, Harvey Henry, Robert Jones, Hugh Jones, George Lorbeer, Alex Mosher, Stuart Peck, Robert Nesbit, Percy Stenburgh, Hugh Styles, Horace Uley, John W. Young, Eva Bartlett, Madge Brubaker, Helen Davis, Marguerite Dodd, Lettice Downing, Clara Ertel, Lucile Elliott, Thomas Gorman, Wilhelmina Kent, Gertrude Kimball, Mabel Lash, Elizabeth Lorber, Peter Lorber, John L. Miller, Adolph Miller, Nafel, Mary Nesbit, Florence Oler, Ruth Peterson, Helen Reed, Wilma Richmond, Marie Roe, Marguerite Sawyer, Inez Sheets, Bertha Spayth, Frances Ten Eyck, Alvin Vickers, Mary Welch, Myrtle Wildman, Della Wilson, Merle Zander, Elizabeth Ross, Cleo Frota.

The members of the local Board of Education are already considering furnishing the equipment for the North Garey avenue and Hamilton avenue grade schools, and the two buildings of the Polytechnic High School. They want every one to be ready for the commencement of school in the new structure next term.

Work is progressing rapidly on the brick block being built by Midgley Bros. on West Second street, and the Fleming building on North Garey avenue.

Two hundred flags have been procured by the W.R.C. and G.A.R. for use in decorating the graves of old soldiers interred in Pomona Cemetery and for use of school children, who are to treat for me the day.

Under command of Capt. Frank C. Ellis and Lieuts. Lorbeer and Lawrence, Co. A, Boy's Brigade of the Pilgrim Convalescent Church, went into camp at Pomona Heights tonight.

RIVERA. RIVERA, May 23.—C. C. Neff was pleasantly surprised last Thursday, on the occasion of his sixty-third birthday anniversary. He and his wife were invited to dinner by their daughter, Mrs. E. J. Boyer. They had been at the latter's residence only a short time when fifty-four friends arrived. They were members of the G.A.R., Dan Bidwell, of Norwalk, of which Mr. Neff was formerly Commander. They brought with them a large number of gifts and well-wished lunch baskets.

NOT INFORMED OF DEATH. Figueroa, who is known as a sullen man of quick temper, was not yet informed of the death of his bride. He told the officers that he didn't know exactly how she shot herself. He said that he had been at the wedding and that he had seen the bride and groom. He said that he had seen the bride and groom. He said that he had seen the bride and groom.

Acting upon the request of the Supervisors for cooperation in the adoption of regulations for the suppression of rabies, the City Council tonight instructed its committee on ordinances and judiciary to prepare a measure for the regulation of dogs.

This is to be reported next Monday night. The ordinance is to be modeled after the one recently adopted by the Supervisors.

Charged with having assaulted Frank Oliveras with a deadly weapon, Tomas Vasquez was today held to await the action of the Superior Court. His bail was fixed at \$1000, and in default he was sent to the County Jail.

The trouble occurred when the men were digging the trench for the water main. The victims were Jesse Bro, Lydia Bonestell, aged 13, and Lela Bonestell, aged 15. Their boat capsized when they attempted to change places.

TWO DROWN IN LAKE. HURON (S. D.) May 23.—Word reached here today of a triple drowning on Lake Huron near here, Sunday afternoon. The victims were Jesse Bro, Lydia Bonestell, aged 13, and Lela Bonestell, aged 15. Their boat capsized when they attempted to change places.

SERVICES ARE ARRANGED.

Whittier College Announces Its Programme for Commencement Week.

ORCHARDIST LOSES TREES. WHITTIER, May 23.—Commencement week for Whittier College will begin with the baccalaureate services Sunday, June 5, the sermon being by Dr. J. M. Campbell of Sierra Madre. These services will be held in the Friends' Church in the afternoon. In the evening Rev. Charles S. White of Muncie, Ind., will deliver the annual sermon to the Christian Association. Monday evening will occur the class day exercises of the college graduating class on the campus. Graduating exercises for the academy class will be held in the college auditorium Tuesday afternoon, and in the evening the Choral Society will give the oratorio "Ruth." College commencement will occur Wednesday morning, June 8, with an address by Dr. Math S. Hughes of Pasadena. The class of 1910 has eight members and the academy class has the same number.

The minstrel show put on here two nights last week by the Knights of Pythias will be transported bodily to Anaheim and given there Thursday evening, under the auspices of the Knights of Pythias there. The journey will be made by auto. The local band will accompany them.

A special expert to report on the electric and gas situation here has secured C. W. Kolner, manager of the municipal lighting department of Pasadena. It is said that Pasadena is saving \$50,000 per year as a direct result of its installation of a municipal lighting plant.

John R. King is short 211 cranberries. They having mysteriously disappeared from his grounds in the northwest part of town Friday night. The trees were extra large, and had been balled and set aside for delivery the next day. The only theory is that some one quietly loaded them onto a wagon in the night and drove away.

LARGE CLASS TO GRADUATE. Fifty-one Pomona Young Men and Women Will Receive Their Diplomas Next Month.

POMONA, May 23.—The largest class in the history of the local High School will be graduated this year, when fifty-one young men and women will receive their diplomas. The class are busy with commencement and class day plans, and some surprises for the latter programme are being planned. The graduating exercises will occur on June 24 in the Praterman Hall. The exercises will be presided over by the High School orchestra.

The class teachers are Misses Mettiff and Foster. The class members include the following: Paul Adams, Elmer Becker, Ralph Brubaker, Harry Clark, Alexander Davis, Thomas Dills, Roger Evans, Harvey Henry, Robert Jones, Hugh Jones, George Lorbeer, Alex Mosher, Stuart Peck, Robert Nesbit, Percy Stenburgh, Hugh Styles, Horace Uley, John W. Young, Eva Bartlett, Madge Brubaker, Helen Davis, Marguerite Dodd, Lettice Downing, Clara Ertel, Lucile Elliott, Thomas Gorman, Wilhelmina Kent, Gertrude Kimball, Mabel Lash, Elizabeth Lorber, Peter Lorber, John L. Miller, Adolph Miller, Nafel, Mary Nesbit, Florence Oler, Ruth Peterson, Helen Reed, Wilma Richmond, Marie Roe, Marguerite Sawyer, Inez Sheets, Bertha Spayth, Frances Ten Eyck, Alvin Vickers, Mary Welch, Myrtle Wildman, Della Wilson, Merle Zander, Elizabeth Ross, Cleo Frota.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

DATE OF TRIAL SET. MI. COLONEL.

Westminster Man Accused of Wife Murder Will Appear in Superior Court in July.

SANTA ANA, May 23.—Frank F. Skelly's trial on the charge of burning his wife to death at Westminster is set for July 18. Skelly appeared in the Superior Court and pleaded not guilty before Judge West this morning.

Dist. Atty. Davis wanted to try the case in June, but the attorneys for the defense declined to consider any date before July 15.

The dissolution of the Southern California Sugar Company may receive an airing at the annual meeting of the stockholders tomorrow afternoon. For several months the nine directors have been divided on matters of policy and on the condition of the factory. The minority is backing a suit to compel the acceptance of the factory to be reconstructed and asking that the builders, the case, Hines Company, be made to bring it up to a capacity of 600 tons daily, which the minority alleges it lacks. The majority faction will keep control of the board at tomorrow's election, but the minority will elect two directors, one of whom will be H. S. Haddall, who was taken off the board a year ago at the instance of the case, Hines Company interests.

"EXCESS BAGGAGE." The charge of wife desertion against Ray Desmond, formerly City Electrician of Long Beach, recently a solicitor for the Southern California Edison Company, was dismissed today by Justice Smithwick. Mrs. Desmond testified that she was in Santa Ana when Desmond wrote to her from Los Angeles that he was going to be many miles away when she received the letter, that he would no longer be "excess baggage" for her. The justice held that the desertion, if desertion there was, took place in Los Angeles county, though the couple called Santa Ana their home. Mrs. Desmond is now an actress at the Unique Theater at Long Beach, where she is known as Miss Lillian Gardner. Following Desmond's arrest, the couple settled their differences.

DITCH CONTRACTS LET. The Del Norte Drainage district has let a contract to Pete Walker of Los Angeles for the digging of ditches to be completed for the district by October 15. Walker will remove the dirt for prices averaging about 15 cents per square yard. The district will spend \$25,000 on its ditches, the main canal of which will empty into Newport Bay, draining 7000 acres of wet lands.

The Fraternal Brotherhood lodges of Orange county will picnic at Balboa on June 15. Preparations for 500 people will be made.

Lincoln-Roosevelt League candidates toured this county today, and in the party were Hiram Johnson, John D. Foster, J. P. O'Connell, J. M. Eschelman and F. P. Oster.

Marriage licenses: Ralph W. Haskell, 24, and Jennie P. Ray, 18, both of Santa Ana; John T. Pease, 31, and Lizzie G. Burnett, 25, both of Cypress; Knoll O. Fratske, 24, and Doris Oestlund, 21, both of Orange.

Sheriff Lindsay of San Antonio arrived tonight for Louis Sonderman, alleged to be A. J. Van Houten, wanted on a charge of passing bad checks. Sonderman denies the accusation and will go to San Antonio to defend himself.

DIES SUDDENLY. Redlands Man Passes Away Under Such Circumstances Inquest Is Considered Necessary. REDLANDS, May 23.—John Elsie died yesterday under such circumstances that a coroner's inquest will be held. Elsie resided at the home of A. Stouffer, corner of Tribune street and Union avenue. Yesterday morning he lay under a tree in the yard, apparently indisposed, yet not ill enough to need attention. Later he got up and started to the house, and when he reached the steps he fell over dead. An examination failed to reveal any bodily ailment, which he might have received from falling.

On his person was a bottle of whisky, a cheap watch and 10 cents in money. Elsie had resided in Redlands for the past five or six years, and during that time he picked oranges and did odd jobs. He was about 35 years of age. An effort is being made to locate friends or relatives. In the meantime, the body is being kept in the undertaking of Turner & Turner.

The Ministerial Association, which has met once a month during the winter for the discussion of timely subjects, held its closing session for the season this evening at Willschick Inn. The gathering was in the nature of a banquet, and the ministers were accompanied by their wives. Rev. W. W. Emerson of the Christian Church and Rev. D. D. Hynson, Presbyterian, composed the committee in charge. After the banquet there were addresses, as follows: "Some Wednesdays," Rev. E. M. Johnson, "The Minister Goes Fishing," Rev. W. M. Cook, M. E. South; "The Church and the World," Rev. W. R. Swickard, Lutheran; "Gold and Religion," Rev. C. F. Blaisdell, Episcopal; "The Minister's Wife," Rev. Heber Rice, Unitarian; "The Minister's Wife's Husband," Mrs. J. H. Williams, Congregational. The master of ceremonies was F. P. Morrison, E. E. Lyon, Laurence L. Moore, E. B. Patterson, Halsey W. Allen and R. D. Millholland.

Wilfred Mills, a New York business man who spends a part of each year in Redlands, where he owns a fine orange grove, has purchased of Dr. Howard C. Hill the beautiful home at the corner of Highland avenue and Monterey road, known as the Hopwood place, paying therefor \$100,000. Dr. Hill takes as part payment an interest in Mr. Mills' grove at Loma Linda. Mr. Mills will leave soon for Los Angeles, where he will occupy the new place as a home.

CAUGHT IN THE ACT. Murrel Hickey, Carl West and "Kid" Lemon were captured last night while trying to escape from the store of B. Strick, which they had burglarized. They were taken to San Bernardino and lodged in jail. Two of the boys entered the store, the third standing watch. The last went straight to the cash register. As it opened the bell rang, the sound aroused a man in an adjoining room, and then he appeared all three boys started to run but were soon captured.

Yucapa Tavern. In the new city of Yucapa was the scene of a dance on Saturday night, which was attended by over fifty people of the valley. Yesterday morning Redlands and Los Angeles people lined at the block. This evening Mr. and Mrs. A. E. Brock of Redlands gave a dinner at the tavern, followed by cards.

Hay at Wholesale. Car lots. E. R. Lome, Bakerfield Cal.

SUCH A LOVELY BUNCH O' TWINS. ROOSEVELT REJOICERS GIVEN PARTY AT VENTURA. Judge Clarke Spends Morning Borrowing High Chairs and in the Afternoon Seven Pairs of Young Doubles Are Entertained by His Wife—Ex-President to Get Photo.

VENTURA, May 23.—Superior Judge Clarke, put in a busy forenoon today borrowing high-chairs. He gathered in fourteenth and asked that the use of this afternoon to accommodate seven pairs of twins gathered there at what is known as a twin party, the only function of its kind, perhaps, ever held. The Clarke twins, Robert and Rosamond, in honor of their second anniversary, were given a party at which only twins under two years of age were invited. Seven pairs responded to the invitation. These were Manice and Marion Hogue of Ventura, Irene and Iola Pardo of Salico, Charles and Eugene Sexton of Ratkov, Mary and Ellen Moore of Oxnard, the Whidden twins of Santa Paula and the La Franca twins of Camarillo. The Clarke home was beautifully decorated in stork motifs and the mothers of the guests were present to help entertain the little ones. After an afternoon of jollification of the baby kind the twins were photographed. The picture will be sent to ex-President Roosevelt to show him what the bean county can do in the way of preventing race suicide.

FILED FOR PROBATE. The will of the late Mary Elizabeth Redrup has been filed for probate by Mrs. Maggie Duffell of Pittsburgh who is named as the executrix. The estate, which consists of eight acres of fine land lying just east of this city, is valued at over \$30,000. The will bequeaths the property to the widow, to a daughter, Mrs. Martin, and to other relatives.

The Southern Pacific has again started its rock-crusher at the Camarillo quarry. Mr. and Mrs. Paul Brizard of Arcata, Humboldt county, were entertained here yesterday by their friends at a barbecue given on the lawn of the F. W. Baker residence. Mrs. Brizard was formerly Miss Nellie Newby of this city.

The local ball team defeated Santa Barbara yesterday in a hot game of ball at this place. The score was 4 to 2, the tallies all being made by the first inning excepting one made in the seventh by Ventura.

ORDERED TO LEAVE. A. N. Wood of this city, was before Justice O'Connell this morning on a charge of disturbing the peace. It is alleged he made threats on the lives of members of his family. He was sentenced to serve six months, with the alternative of leaving town. He was ordered to take the train at 9 o'clock tonight by the court, else he would have to serve the sentence. The Ojai Improvement Company will soon begin boring a twelve-inch well for water at the mouth of the Footsill's Hotel Canyon. If water is found, the health officers will immediately sink in the valley. Mr. and Mrs. Robert Lane of Berkeley are guests here of Mr. and Mrs. Nell Baker.

CHANGE COMES WITH SUN. Colton Woman Who at Night Wished Husband "Jugged" Refuses to Swear Out Warrant. COLTON, May 23.—Carmel Lopez was arrested last night by Constable Button on a charge of disturbing the peace and was fined \$10 by Justice Hanna this morning. Even though yesterday was Sunday, Lopez filled up with Diego road and getting possession of a gun, threatened to annihilate his whole family. Constable Button had to call several other officers to assist him in arresting Lopez. When the officers arrived on the scene the fellow was attempting to hold up the front porch, while he kept his wife and children at bay. It was only after a hard fight that he was captured. Although Mrs. Lopez wanted him arrested last night, even stating she was glad to see him go to the penitentiary, she had this morning changed her mind and refused to swear out a warrant, which Constable Button was compelled to do.

The Orange Belt Ministerial Association met at the Jewell Memorial Methodist Church this morning. The principal address was given by Rev. R. J. Brown of Del Rosa. Rev. Brown, who is a returned missionary, spoke on "Missionary Work in China." The next meeting will be held at Urbis Springs.

The members of the Epworth League of the Jewell Memorial Methodist Church and a number of their friends made a trip to the top of Silver Mountain this evening to observe the eclipse of the moon, and Halley's comet.

Misses Clara and Robie French and brother, Harvey French, were tendered a reception one evening recently at the Baptist Church by about forty friends. The affair was in the nature of a farewell, as the French family left today for Santa Ana, where they have purchased a forty-acre ranch. Mrs. George Fisher and children will visit with relatives at La Salle, Ill., from the 25th to the 30th inst. Miss Emma Griffith and William Colwell, who were guests of Mr. and Mrs. Spencer Gilbert, on Colton Terrace, have returned to their homes at Santa Monica.

HEMET. HEMET, May 23.—Over \$500,000 have been expended for building construction during the past few months. Local lumber merchants anticipate this amount will be doubled before the end of the year. Among the notable structures recently completed or in course of construction are the High School, to cost \$40,000; Bothin Block on Florida avenue, \$7000; the Gauld store, \$7000; the Audit store on Harvard street, \$5000; the Kingsbury residence, \$6000; the Clemmens residence, \$6000; the Presbyterian church, \$6000; the Spaulding residence, \$3500; Dr. Rayner's residence, \$2500; the McIrae residence, \$2500. Herman Schmidt and family, who are visiting in Los Angeles, are expected home the middle of the week. The guests of Mrs. Dr. Sprague, J. A. Jasper, formerly Supervisor of San Diego county, was the guest of Mayor Holloway over Sunday. Recent arrivals from Los Angeles at the Hotel Hermit are W. J. Haller, R. J. Dittz, R. I. Parrie and J. F. Legler. C. Paulsen Visei, manager of the hotel, will leave Friday for New York.

DEATH LURKS IN MONEY. New York Health Board Declares Disease Germs Bred in Paper Bills. [ASSOCIATED PRESS. DAY REPORT.] NEW YORK, May 23.—Officers of the Board of Health here have again called attention to the perils that lurk in germ-laden paper money. Solved bills, they say, are found to contain an average of 142,000 bacteria each, and although some of these germs would not be so virulent, the money must remain an object of suspicion and an actual menace to the health of the community.

Urging rapid withdrawals from circulation of soiled bills, the health officers quote from a New York medical publication: "It has been ascertained that money can be infected by handling; it has been also shown that the germs of diphtheria and tuberculosis may live in infected paper. There is little doubt disease is spread in ways we know not of even in these times of advanced research. Even if paper money does spread disease to but an extremely small number, the danger is sufficient to insist upon a quick renewal of all dirty bills."

AUTO FRIGHTENS MAORI. Athletic Records Shattered When "Thunder Wagon" Takes Fire in Chicago. [BY DIRECT WIRE TO THE TIMES.] CHICAGO, May 23.—(Exclusive Dispatch.) One of the palefaces "thunder wagons" nearly put the finishing touches to the terrors of civilized life here this morning when a band of forty-two Maoris fresh from New Zealand, clutching the rifle and seat of the machine, sped down the city streets, scattering the Maori people upon the rush of traffic, when a flame, apparently as big as a house, enveloped the second machine in line. The feminine records for the high jump and the hundred-yard sprint were broken by several of the Maori women, who were the big sight-seeing car immediately in front of the burning auto.

QUAKE FELT IN FRANCE. AGDE (France), May 23.—An earthquake was felt here at dawn. The movement continued for two seconds.

BIG DEAL IN VISALIA LAND.

THREE HUNDRED THOUSAND DOLLARS PAID FOR IT.

New City Hall Will Be Dedicated on July Fourth. Bank of Exeter Wants to Change Its Name—Washington Decision Affect Much Property in the Oil Fields.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

VISALIA, May 21.—One of the largest land sales in the history of Tulare county is that of 4000 acres south of Visalia, between Lindsay and Tulare, to Peter Haack, from the Lindsay Land Company. The consideration is in the neighborhood of \$300,000. The land is practically all good for fruit and alfalfa and will be cut up into small tracts and placed on the market within the next few months.

The new \$50,000 City Hall will be dedicated on July 4. It is planned to make the ceremony an elaborate one.

The Bank of Exeter, incorporated in October, 1902, today filed a petition to have the name changed to the First Savings Bank of Exeter.

W. P. Rankin, formerly principal of the local high school, has purchased a half section northeast of Visalia, near Lindcove. The price is said to be in excess of \$20,000. The tract will be sold off in pieces from twenty acres up.

Pensions have been awarded to three Visalians by Congress at the present session. They are Mrs. Frances Adams, James R. Hannah and James M. Daxell. Word to this effect was received yesterday from Congressman Smith.

AFFECT OIL ACRES.

Over twenty decisions made by the Register and Receiver of the Visalia land office have been confirmed by the Commissioner of the General Land Office. They are of general interest, affecting as they do, a great many acres in the oil fields of the interior of the State. Following is the list: U. S. vs. Thomas E. Sanders of Coalinga, canceling the homestead entry for the northeast quarter of section 35-25-19, U. S. vs. Adolph Kreyenhausen of Coalinga, canceling the public sale for the northeast quarter of the northwest quarter of section 34-25-18, U. S. vs. Arthur W. J. Bingham of Fresno, canceling homestead entry for the northwest quarter of section 5-19-18, U. S. vs. Edmund Robertson of Annette, Kern county, canceling the homestead entry for lots 3 and 4 of section 5-27-18, and lot 4 and northwest quarter of southwest quarter of section 32-25-18, U. S. vs. Watson J. Howell of Coalinga, canceling the homestead entry for the northwest quarter of section 35-25-19, U. S. vs. Hymen Kirschbaum of Fresno county, canceling the homestead entry for the northwest quarter of section 2-25-18, U. S. vs. Antonio Garcia of Simsbury, San Luis Obispo county, canceling the homestead entry for lots 1, 3 and 4 of section 24; lots 2 and 7 of section 25-29-19, U. S. vs. Harley S. Joell of Coalinga, canceling the homestead entry for lots 1 and 2 and the east half of the northwest quarter of section 30-25-19, U. S. vs. Emory Shields of Lorton, canceling the homestead entry for the southwest quarter of section 25-18-18, U. S. vs. Thomas Francis Delury of Fresno, canceling the homestead entry for the south half of the southeast quarter of section 4-19-18, U. S. vs. George Hanson of Annette, Kern county, canceling the homestead entry for the east half of the southwest quarter and west half of the southeast quarter of section 4-27-18, U. S. vs. Joseph E. Rafael, canceling homestead entry for the southwest quarter of section 3-25-18, U. S. vs. Manuel J. Leonardo of Hanford, canceling homestead entry for the east half of northeast quarter and east half of southeast quarter of section 15-25-18, U. S. vs. Allen E. Bittenburger of Los Angeles, canceling homestead entry for the southwest quarter of section 30-25-19, U. S. vs. Frieda Wagner of Bakersfield, canceling homestead entry for the south half of the southeast quarter and the south half of the southeast quarter of section 30-25-30, U. S. vs. Yabina Nunes of Bakersfield, canceling the homestead entry for lot 10 in section 15 and lots 3, 4, 5 and 8 in section 2-29-20, U. S. vs. William Todd, Jr., canceling homestead entry for the south half of the southeast quarter and southeast quarter of southwest quarter of lot 5 in section 19-27-18, U. S. vs. Mary A. Cortner of Auckland, canceling homestead entry for the east half of the southeast quarter and south half of northeast quarter of section 30-15-27, U. S. vs. H. R. Guthrie, having the mineral application for the Grace Oil Company's placer mining claim, embracing the northeast quarter of section 4-22-16, and the north half of the southwest quarter of section 4-22-16, rejecting the application.

The following decisions have also been affirmed by the general commissioner and the contents dismissed: Ira E. Litten vs. Milton M. Baker, involving the desert land entry for the south half of section 20-28-25, Perry E. Cox vs. W. R. Moore, involving the homestead entry for the southeast quarter of section 30-21-20.

MUTILATED REMAINS FOUND.

Doctor Perishes on the Desert—Was in Charge of Hospital on the Aqueduct.

(ASSOCIATED PRESS DAY REPORT.)

BAKERSFIELD, May 23.—Dr. William A. Mogk, a graduate of Ann Arbor and well connected in Michigan, wandered out into Sand Cañon, on the desert, May 11, and his remains were found Saturday.

Mogk was in charge of a hospital northeast of Mojave, on the Los Angeles aqueduct. He is supposed to have tried to reach the railroad at Brown. In delirium he had stripped himself of all his clothing.

The coroner's jury yesterday found death to have been due to exposure. The doctor's class pin and gold watch were found near the body, which covet had mutilated so that it had to be buried in the cañon.

BEATS AND CHOKES WIFE.

Mexican Who Resents Scolding for Being Drunk Gets Badly Scared and Lands in Jail.

Mrs. Jesus Quiros, a Welsh woman, was beaten and choked into insensibility last night by her Mexican husband, who resented her finding fault with his coming home under the influence of liquor. Quiros was locked up in the City Jail and the woman was given attention at the Receiving Hospital.

Mrs. Quiros, a hard-working little woman with a large family, conducts a little Mexican restaurant at No. 117 Marchessault street, next door to the Fremont House. She objected to the little money earned in the business being wasted for drink, and spoke her mind freely when Quiros came home drunk last night.

The man's reply, the couple's children say, was to knock her down against a chair, and choke her.

The woman lost consciousness, and Quiros frightened at seeing her so still, seized a large knife and tried to cut

her clothing in an effort to revive her. He succeeded in cutting her apron to shreds and slashing her finger, when the police arrived at the call of the children.

Mrs. Quiros did not recover consciousness until she had been in the Receiving Hospital for some time, but she was able to go home.

SICKNESS IN CANES?

Whole Family in Receiving Hospital After Eating Peas—Doubt About the Potatoes.

Canned peas which are declared to have produced symptoms of ptomaine poisoning made William F. Devine and his infant son sick, and Mrs. Devine started out from her home, No. 227 North Grand avenue, yesterday morning to get medicine. "I guess it is cramps that have seized William and the baby," mused the worried wife, who believes that ptomaine poisoning is a popular bugaboo. A few minutes later she fainted on the street and was carried to the Receiving Hospital. When she recovered consciousness her first thought was of husband and the baby. She urged the doctors to send an ambulance for them. By the time the wagon reached the address, Devine was feeling well enough to be up, but he took the baby and joined his wife in the hospital. All came out well.

The peas which seem to have "had a kick" were purchased at a delicatessen store. It is possible that the can leaked and caused a poisonous fermentation.

A Martin, a floor-walker, was taken ill at his home, No. 304 Diamond street, after eating peas. He says the fruit was apparently good, but caused symptoms of ptomaine poison.

Many prominent doctors complain that the "ptomaine poison" scare is a foolish one. Medical journals record that "ptomaine" is necessarily

an animal poison, which is formed when some flesh product decays and emits a gas known as ptomaine. Any fruit or vegetable can spoil or decay if exposed to the air.

The recent finding that the canned peas which were served for the Santele tragedy were really not at fault, strengthens this belief. Dr. Jaffa thinks that the tannins could be a possible cause of the deaths. Local doctors agree that this is plausible because tannins contain meat.

INDUSTRIAL PEACE.

Young Lady Representative of Three County High Schools Will Debate Question at Y.M.C.A.

Robert C. Root, secretary of the Southern California Peace Society, has arranged an intercounty debate between representatives of the High Schools of Los Angeles, Riverside and Orange counties upon the subject of "Industrial Peace." It will be held at the Young Men's Christian Association building on Saturday night, and the two silver cups to be given as prizes were secured yesterday. The debaters will be Miss Beale of Riverside, Miss Hall of Orange and Miss Powell of South Pasadena. The winners will hold the cups one year, when they must again defend their position. The school winning three times in succession will retain the cup permanently. The debate is free and the general public is invited to attend.

BOY ADMITS HOUSEBREAKING.

Louis Taylor, a boy wanted in China on a charge of housebreaking, was arrested yesterday by a detective and taken to China by a constable of that place. Taylor was recently an inmate of the George Junior Republic. He says he was discharged from that institution recently and had left some of his property in one of the buildings. He pleads that the only way he could recover his belongings was to break into the building.

FRICTION STARTS BLAZE.

Low Water Pressure Allows Fire to Spread, Causing Damage of Several Thousand Dollars.

Friction which made cotton picking machinery red hot, caused a blaze yesterday morning which resulted in the destruction of a three-story brick block at Nos. 321-323 Santee street in which the Imperial Cotton Works, the Pacific Suspender Co., and the H. L. Stanton Co., photograph mount manufacturers, had their factories.

A brisk breeze carried the embers from the burning building and the entire district was threatened before the fire department subdued the flames.

N. H. Middleton, foreman of the cotton works, says that the fire started in what is known as the felt machine, shortly after 9 o'clock. Any piece of loose metal will cause friction in these machines and the material handled is very inflammable. The foreman said that he could have stopped the fire before it gained headway if the water pressure had been good, as there were coils of hose on every floor. These did not prove of much value, however, as there was not enough pressure to force the water through the hose when he tried to use one.

E. W. Fox, proprietor of the cotton works, said to the safety of his employees and then escaped from the building with no greater salvage than a coat and his ledger.

H. L. Stanton, No. 1921 Sheriff Place, is head of the photograph mount concern. He says his greatest loss will be on imported paper stock which was ruined by water.

The Pacific Suspender Company lost about \$500 in stock which was completely destroyed. The cotton works suffered a loss of about \$500, and the H. L. Stanton Co.'s loss is estimated at between \$200 and \$300. The loss on the building is understood to be

STANTON LUNCHEON TODAY.

The Tuesday luncheon of the Stanton Boosters' Club, at the Hollenbeck Hotel, has developed into a formidable affair. The popular candidate for Governor has such a tremendous following that it is considered quite an honor to obtain a seat at the speaker's end of the table. The speeches are of the kind that make every one present at the luncheon feel he has a personal interest in the campaign. There is a wide field from which to select the orators. Today, the address will be made by Prof. Pierce of Sierra Madre, who will talk from the shoulder, to boosters from Boosterville.

JUDGMENT HOLDS.

Judgment of the Superior Court of this county in the case of Samuel Baume against M. E. Morse was affirmed by the Second District Court of Appeal yesterday. The suit was brought to enforce specific performance of a contract to sell real estate. A non-suit was granted.

AGAINST CLOSING IT.

A protest against closing Avenue 59 at Hermon was filed with the Board of Supervisors yesterday. There are forty signers. Both sides will be given a hearing two weeks from today.

Manager Mitchell of the Hollenbeck school girls has been so successfully experimented with in New York high and grammar schools, that next month the Board of Estimate is to be asked for an appropriation for extending the indoor physical training curriculum to out of doors.

LARGEST DEPARTMENT STORE WEST OF CHICAGO

Hamburger's

BROADWAY, EIGHTH & HILL STREETS

People who are unsatisfied with anything short of the very best make a habit of coming to Our Cafe. Come to them tomorrow.

Patrons Who Desire All the Conveniences of an Ordinary "Charge" Account without Its Faults, Are Invited to Investigate Our

ADVANCE CREDIT DEPT.

Deposit any sum you may desire, and charge your purchases against it. Itemized statements are mailed monthly. The daily balance to your credit is not idle, as we allow interest at the rate of four per cent., compounded monthly. Deposits cannot be checked against as we do no banking business (only purchasing accounts solicited.)

If they prefer the cafeteria service they may like ours best. Savory viands served in their elegantly comfortable dining parlors.
